

# 2016 Healing Touch Worldwide Foundation ANNUAL REPORT

## President's and Vice President's Message

2016 began with the theme, Review and Renewal ... We conducted a review of what worked, and a look at our shortfalls. And with these intents in mind during the year, we have ended it with exactly that ... changes resulting in new members both on the board, as well as additional volunteers to help with our various committees.

We are proud to have streamlined our Vision and Mission statements to be clear, concise, and easy to remember.

Vision –  
**“Advancing Healing Touch Worldwide”**

Mission –  
**“Supporting Healing Touch research, service and education through grant opportunities”**

Let's all welcome Nancy Lavergne as she is now the President of HTWF! She was voted in, effective November 1st. As our previous Vice President, she comes well equipped and prepared to step into these bigger shoes! We begin our search for a Fundraising Chair who is creative and will continue to explore and implement new fundraising activities.

We are blessed to welcome the return of Sharon Scandrett-Hibdon, who once was a HTWF board member many years ago. Sharon will serve as Secretary. Renata Maniaci will serve as Support for Marketing,

Karen Chin,  
Past-President and  
Nancy Lavergne,  
Vice President

Fundraising, and Grants. Donna Adams will serve as the Co-Chair of Marketing. These new and fresh faces, bring much enthusiasm and energy into our ranks. Lee Campbell, our unflappable Secretary for the past 3 years, has left us and rejoined the corporate world; as one who helped spearhead the Nepal fund, he is leaving a lasting impression on this organization. Karen Chin, as the Past President, will remain on the board for a time to afford continuity and support to HTWF.

We invite you to peruse the Grant Award Committee report here in this publication. Activity and support in the venues of two research projects, international education, a soon to be published article, and Healing Touch Professional Association's exploration into disaster assistance have kept the Foundation on its toes. Our financial report remains transparent with its summary of income and disbursements.

Much activity has been a hallmark of 2016. And we are SO looking forward to more diversity and ideas as we advance Healing Touch worldwide!

With much Love and Light,

Karen Chin, RN, MS, HTCP/I  
Past President

Nancy Lavergne, HTCP  
President

# A note from our new president.

I am looking forward to working with our board to continue the development and implementation of strategies started in 2016. Our focus will be to explore strategies and opportunities to expand our service and education grants not only internationally but also domestically, while continuing to support other mission objectives such as research. I am also enthusiastic entering 2017, having additional members that have joined our team and will help us on this journey.

- Nancy Lavergne

# Treasurers Report

While 2016 was a good year overall, there were some disappointments. General donations were down and fundraising costs rose, since most income was derived from activities that involve higher costs than do general donations. A scarcity of appropriate and sound grant requests resulted in an inability to put available funds to good use. Encouraging additional general donations and grant requests will be priorities in 2017.
