SDG Project Canvas

Key Partners:

Who needs to be there to collaborate?

Key Activities:

What activities are needed to make this SDG implementation project/campaign a success in our community/organisation?

Key Resources:

What human, financial and other resources are available and needed to make the project/campaign a success?

Theory of Change:

How exactly will this project/campaign enable the implementation of SDG (_ _) in our community/organisation?

Engaging Participation:

How will the project initiators ensure wide-spread participation in the project and the implementation of SDG (_ _)?

Key Policies:

What policies and support from local authorities are needed for success?

Impact:

Who will benefit directly and indirectly and why?

Costs:

Which human resources, infrastructure, materials, and logistics need to be financed in order for the project/campaign to become successful?

Designed:

By:

For:

Date of Training:

Funding and/or income streams:

What possible sources of funding or in-kind support could help to cover the costs?
