

Good Morning Goddesses!

Give yourself:

A deep breath

A prayer

An intention

A gentle stretch

A vigorous shake

What do you need to come to presence? <3

Sell Your
Stuff ~
Never Sound
Sales-y

What is *Sacred Sales*?

- Is a *mindset coaching call* with an offer to work together*
- Is an *opportunity for you to be the catalyst* for someone's biggest dreams*
- Is an *invitation to journey with you* (you can't close a sale that isn't open)*
- Is a *compassionate dive into the shadows* and core wounds of another being*
- Is an *opportunity for you to align* with what the Divine is trying to actualize through their lives*
- Is an *initiation* of transformational energy*

3 Fields of *Energy* in Sacred Sales Call

The Divine Sales Call Roadmap

*D*ream - What is their dream?

*I*nvestigate - What's in the way?

*V*oice - Share your story, clients' stories, any relatability

*I*nvoke - Give the offer.

*N*urture - Support them in their resistance

*E*volve - Next Steps

Resistance

Resistance is anything that keeps them from buying on the call when you are both a *Heart Yes**

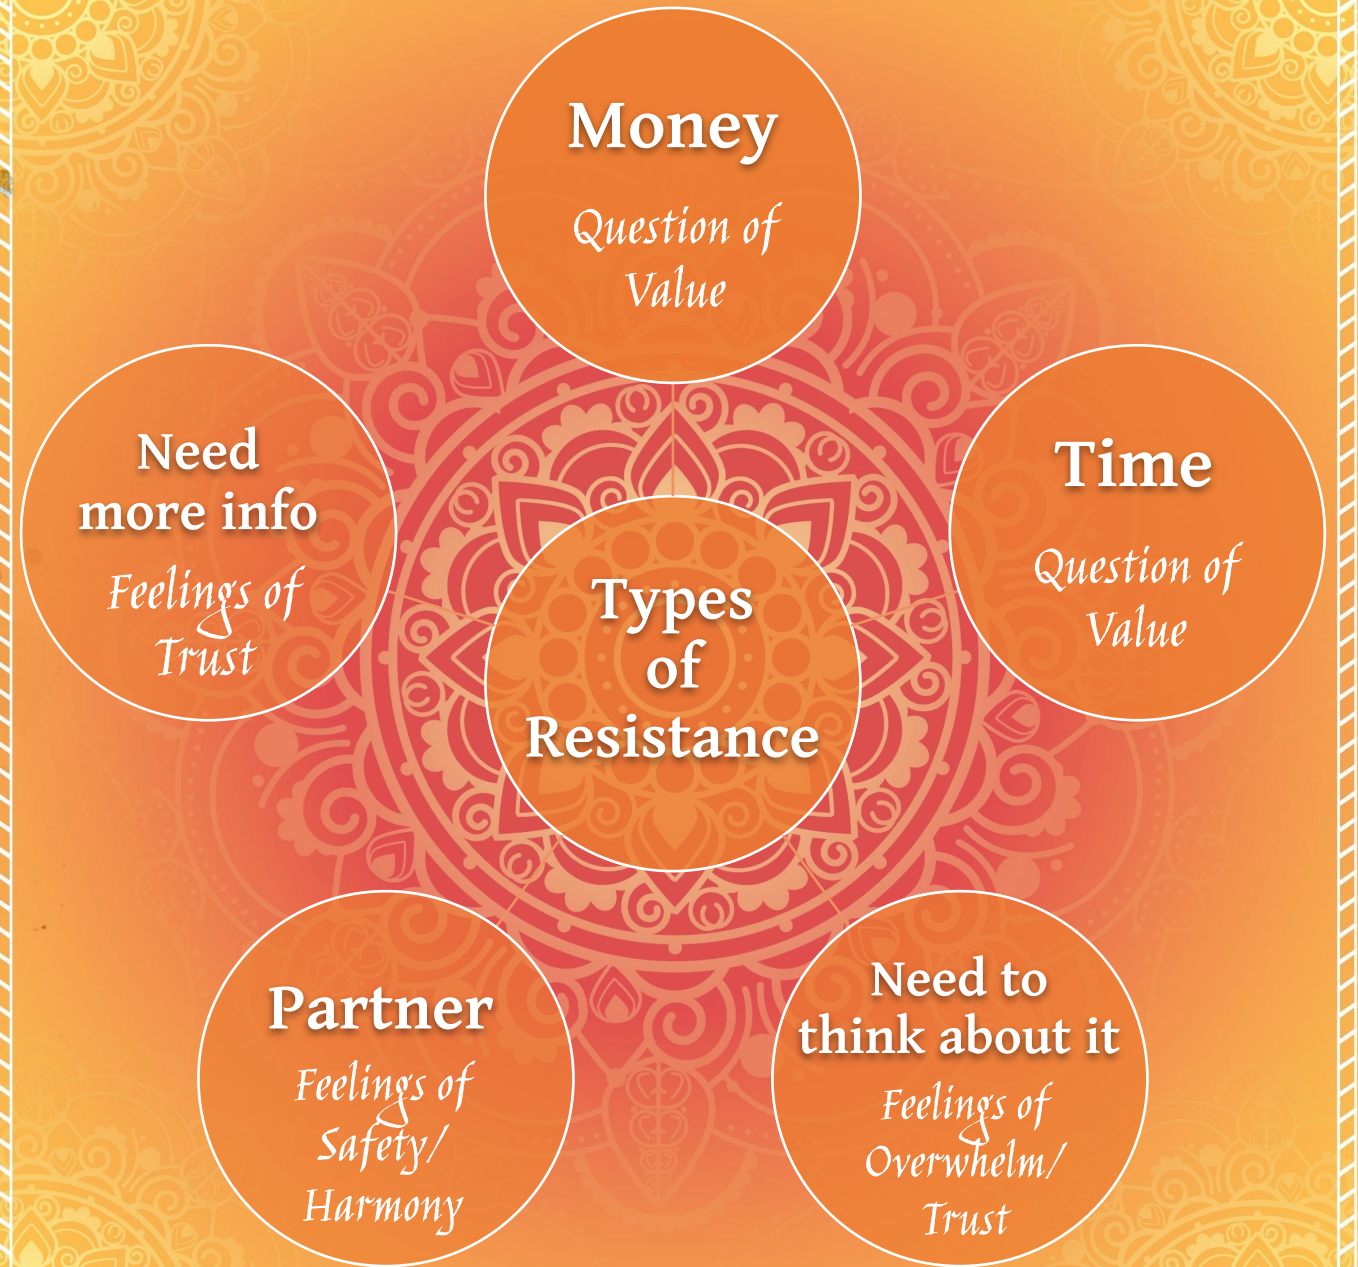

Resistance Nurturing

Two things I have found to be absolutely true!!!

1. The Resistance you get is the resistance *you have**
2. Great messaging *filters* a lot resistance that could show up
