1/ Introduction and Communication

It's our absolute pleasure to warmly welcome you into our dance family at Christina's Dance World. Our team is thrilled to see many familiar faces return and even more excited to see some new faces join our Production Team community. We have created this one-stop handbook to hopefully shed some light on how things will run throughout the year as well as answer a lot of questions you may have. While we would love you to take the time to read this information carefully and keep your handbook in a safe place to refer to as you need. Also, don't forget that Ms. Christina is always here to help and will happily answer any questions you may have.

Communication is crucial when it comes to classes, performances, attire, and special events. Trying to please so many personality types and the way they like to communicate information can be challenging. Because of this, I will explain how information will be communicated to you, and it will be your responsibility to remain informed:

- Email
- Group text from a **NO REPLY** number
- Personal text from (912) -399-1417
- Videos via text and/or email
- Monthly Newsletter from Mailchimp email server (check your junk folder)
- Your DSP, Dance Studio Pro, **Parent Portal** will store PDFs, videos, and important documents

When informing the entire studio in a blast text, you may see duplicate texts because Production Team members are enrolled in multiple classes.

2/ Production Team

- Aims to recruit dedicated, passionate and gifted dancers who enjoy performing on stage in addition to dancing in the studio
- Our production shows will feature the CDW Production Team in extravagant numbers and throughout the show
- Ms. Christina will use this group to represent CDW in the community for local performances and beyond

Any questions or concerns must go directly to Ms. Christina. In the rare case of a parent or student showing disrespect to any parent, teacher or student, a meeting will be called. We thank God everyday that our dance world family does not exude this type of behavior.

16/ Goal

Our goal is to cultivate confidence, drive and develop strong dance technique and passion for the arts in our students. It is important to us that with daily devotions, prayer, music, and dancing, we create a safe environment for our students.

In our studio, we live by the motto "Be present, be humble, and be kind". In addition to representing themselves with integrity, dancers learn how to represent their parents and the dance studio, and always place God first.

The choreographed routines and production shows we create are adapted to meet the needs of all ages and abilities, both physically and emotionally. Throughout our work, we promise to remain faithful to staying true to who we are and maintaining a modest costuming style. Having you as a trusted partner is very important to us.
