

Foundations for Literacy Success

A 12-month PL and coaching program to help your school establish an evidence-informed literacy block.

Our Commitment to Your Success

Across Australia, schools are being asked to deliver structured literacy. But many are struggling to turn policy into practice. Without clear systems, staff alignment, and expert support, first steps can feel shaky — and momentum stalls before it begins.

Our experienced team has been where you are. We understand the pressures of managing change and getting every member of the team on the bus. We also know that the biggest factor in success is the capability of teachers. **We want to help you build teachers' capability, not take them out of the equation.**

We have the framework to help you achieve a consistent literacy block across your school in a way that brings everyone along on the journey.

Keep your vision sharp with regular reflection and planning.

Build confidence with explicit teaching practices.

On-board new staff with ease. No relief teachers. No offsite training.

Get your whole team on the bus and build commitment.

Have support to create planners and choose resources.

Help your team build their capability around structured literacy and human cognition.

Align staff around agreed routines and practice.

Foundations for Literacy Success gives your school the confidence to take strong, practical first steps into structured literacy. No overwhelm. No guesswork. Just clear systems, aligned staff, and the right support to make sure your literacy block works for every student, every day.

Foundations for Literacy Success is NOT about programs

We know that high-quality resources are helpful to teachers. They lighten cognitive load and get everyone moving in the same direction.

If your school is using our curriculum resources (Resource Room, Reading Success in Action or Spelling Success in Action), that's great. If you aren't, we'll help you identify the strengths of your existing approaches and make them better.

We walk with you, every step of the way

Coaching is critical for closing the gap between research and practice

Your 12-Month Partnership Includes:

- 6 x 1-hour online coaching sessions, strategically timed across the year.
- Strategic planning support to map your school's literacy block.
- Data coaching to unpack student results and plan responses.
- Curated professional learning content available to your team members and for use in in-house professional learning sessions.
- Access to a trusted thinking partner when challenges or opportunities arise.

Your investment

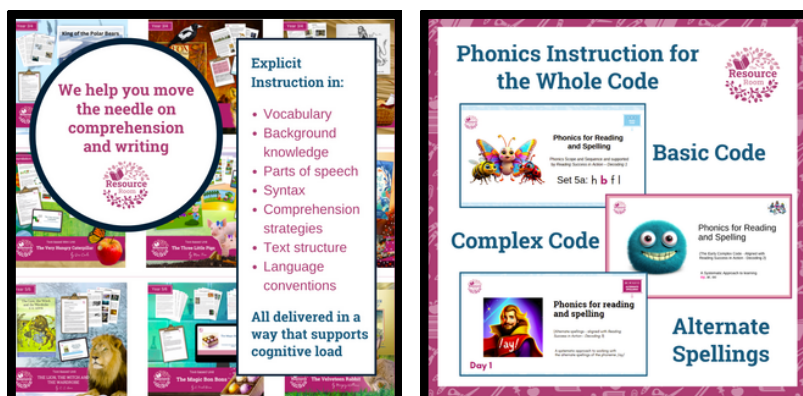

Core Foundations for Literacy Success Program

\$3,549 (+GST) for 12 months

(online PL resources and coaching included for the whole school)

(optional) **Add a Resource Room membership** for \$99 per classroom to access cognitive load friendly, explicit teaching materials for the whole literacy block for every grade.

(optional) **Add in-person modelling, PL and coaching days** \$2500 per day (+ travel)
please note that availability of in-person support is subject to our team's availability

By the end of your 12 months, you'll have

Consistency in core literacy practices

- Phonics and decoding in the early years
- Spelling in the early years
- Partner reading across the school

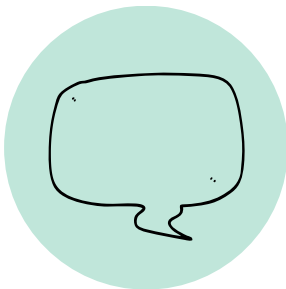

A clear picture of the inclusions in your literacy block for all grades.

The foundations of data collection and analysis to evaluate the impact of instruction.

Clarity around measuring progress and growth in core literacy instruction.

A shared foundational understanding of the science of learning and how cognitive load impacts student outcomes.

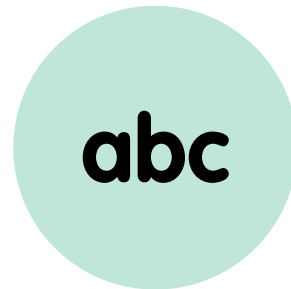

The Big 6 of Reading Instruction

Oral Language

Phonemic Awareness

Your Year of Building Foundations for Literacy Success

Phase	School & Staff Actions	Leadership Actions	JSE Support	Outputs / Outcomes
Pre-Program – Baseline & Goal Setting	Provide existing student achievement data (phonics checks, spelling inventories, writing samples, or agreed measures).	Collate baseline data and share with JSE. Identify priority year levels or focus areas.	Data analysis session with JSE. Review baseline achievement. Set school-wide goals for growth.	Shared baseline picture of student achievement. Clear strategic priorities for the year.
Term 1 – Strategic Start & Alignment	Engage in curated modules. Use reflection templates in team meetings. Implement or continue structured literacy practices.	Introduce chosen learning pathway to staff. Set expectations for consistent implementation.	Coaching call to finalise goals and launch program. Bespoke Simplero platform set up with curated PL modules.	Shared literacy priorities. Staff equipped with curated learning hub. Action plans in place.
Term 2 – Professional Learning in Action	Apply agreed routines/strategies in classrooms. Share reflections. Evaluate impact through data analysis.	Oversee data collection and lead reflection sessions.	Coaching session focused on student data analysis. Adjust practices where needed.	Evidence of student progress. Data-informed refinements to practice.
Term 3 – Evidence & Evaluation	Build on Semester 1 successes. Continue to evaluate impact, coach teams, and grow knowledge through curated content.	Facilitate staff discussions using templates. Monitor practice across classrooms.	Coaching session to support implementation and troubleshoot barriers.	Staff aligned on routines. Early classroom evidence of consistent practice.
Term 4 – Consolidation & Next Steps	Revisit modules for consolidation. Document successes and challenges.	Lead whole-staff reflection on progress. Identify priorities for next year.	Final coaching session: review impact, consolidate gains, and map growth. Plan next steps.	Whole-school review. Next steps documented.
