

THE SACRED BLUEPRINT™ FOR OUR NEW EARTH

Mentoring ✨ Courses ✨ Property Design

AISHA ROSE MELODIE HASSAN

Architect, Alchemical Healer,
Creator of The Sacred Blueprint™

AISHA ROSE MELODIE HASSAN

**Licensed Architect (Türkiye), Certified Alchemical Energy Healer,
Creator of The Sacred Blueprint™**

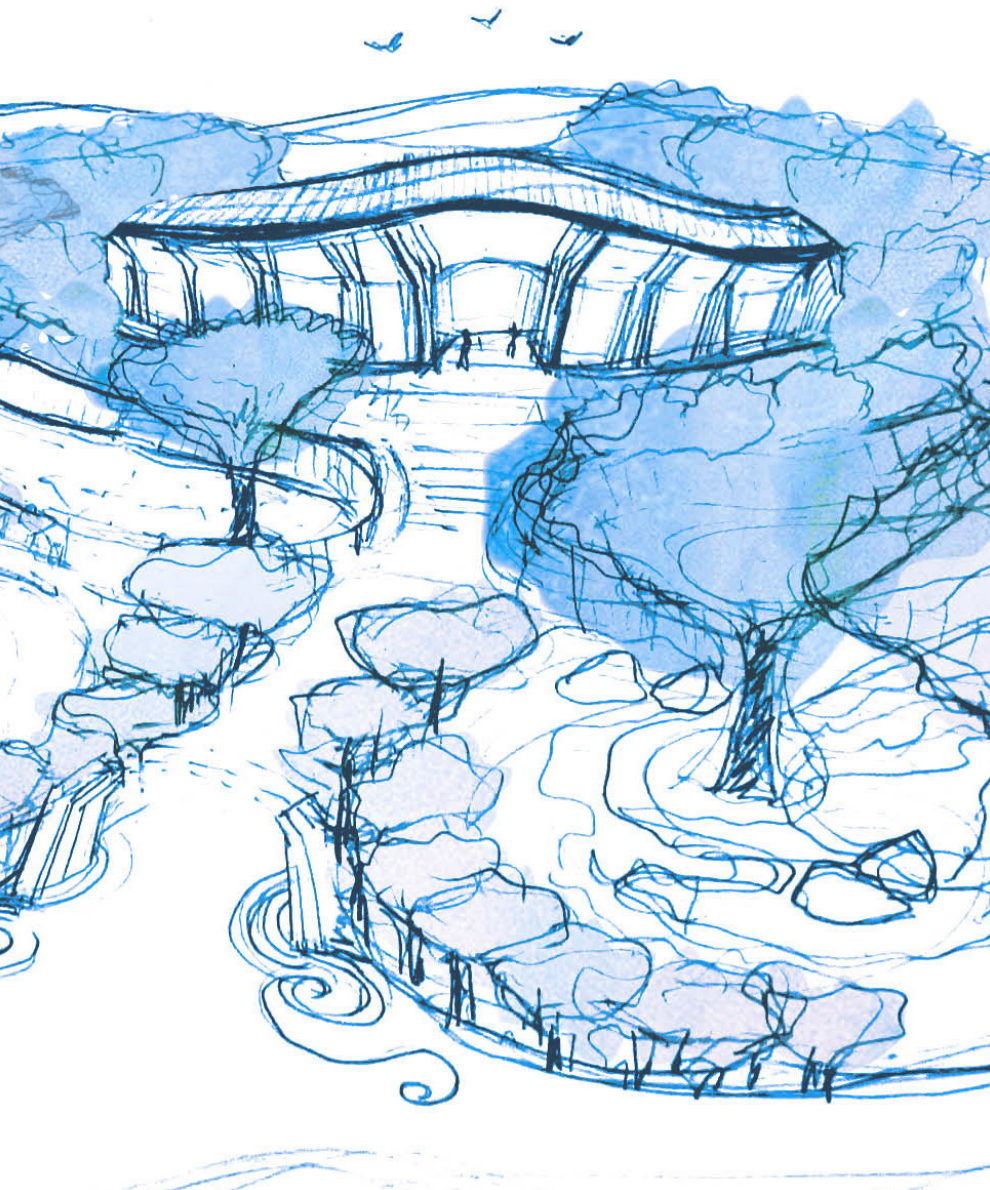

After 20 + years of pouring my love into teaching and practicing architecture internationally, successfully working with energy healing and land energetics, while advancing my studies in esoteric wisdom and anthroposophy, I've discovered how to design beautiful properties that bring vibrant health & wealth to my clients and this planet.

My signature system, The Sacred Blueprint™, has touched 1000+ architects & property owners in less than 2 years. I'm a sought after expert guiding bold pioneering land stewards to birth their dream sanctuaries, and the only one in my field training women architects on how to bridge spirit with form.

Following a distinguished career in conventional architecture, I was miserable and depleted. Not only that, I could see the limits of the old paradigm and how they were a detriment to our Mother Earth. I listened to my inner call, took the big leap, and quit my job to revolutionize a new way. Now, I'm passionately living my mission, leading a flourishing business and sooo lit up about the sacred blueprints I get to co-create with the builders of the New Earth!

THE SACRED BLUEPRINT™
AISHA ROSE MELODIE HASSAN

THE SACRED BLUEPRINT™ DESIGN QUEST

The Sacred Blueprint™ is a cutting-edge revolutionary approach to property design helping you transform your property into a dream sanctuary by awakening your Soul's Purpose and partnering with the Spirit of the Land.

Bridging ancient knowledge, land energetics and Nature's wisdom with architecture, this unique design quest is lovingly crafted for you bold pioneering land stewards eager to birth the optimal blueprint for your home, temple, or community that attracts abundance, vitality, joy, and freedom.

THE SACRED BLUEPRINT™ GLOBAL MOVEMENT

The Sacred Blueprint™ is more than just a design system, it is a groundbreaking global movement to revolutionize architecture by co-creating with Spirit, honouring Mother Earth as a living being, and coming back into right relations with the land and ourselves to support humanity's highest unfoldment.

As the steward of this powerful movement, Aisha is building The Sacred Blueprint™ Certification Program for architects and builders worldwide to equip them with the spiritual energetic creation tools (that will outlast AI) so they successfully birth the healing sanctuaries of our future.

THE SACRED BLUEPRINT™ DESIGN QUEST

Includes:

- ✓ Co-Creative Architecture Visioning
- ✓ Cosmic Blueprint Channelling
- ✓ New Earth Temple Birthing
- ✓ On-site & Remote Dowsing
- ✓ Telepathic Journeying
- ✓ Land Healing & Harmonizing
- ✓ Earth Energetics Mapping
- ✓ Organic/ Anthroposophic/ Eco-Building
- ✓ Conceptual/ Detailed Architectural Design
- ✓ Holistic Site Planning
- ✓ Construction Drawings
- ✓ Project Coordination

THE SACRED BLUEPRINT™
AISHA ROSE MELODIE HASSAN

CO-CREATIVE ARCHITECTURE VISIONING

During The Sacred Blueprint™ Design Quest, Aisha crafts a high-caliber potent container for you to receive a vision for your dream sanctuary aligned with your Soul's Purpose.

Through custom-crafted deep meditation, and journeying exercises, you'll be guided to enter the Mystery of Creation and connect with your Spirit Guides to birth your optimal blueprint. This requires you to let go of certain project outcomes, shapes and styles that aren't in tune with your true expression and joy, while identifying fears, patterns, or programming you need to lay down in order to anchor your legacy project and mission. Aisha will hold space for you every step of the way!

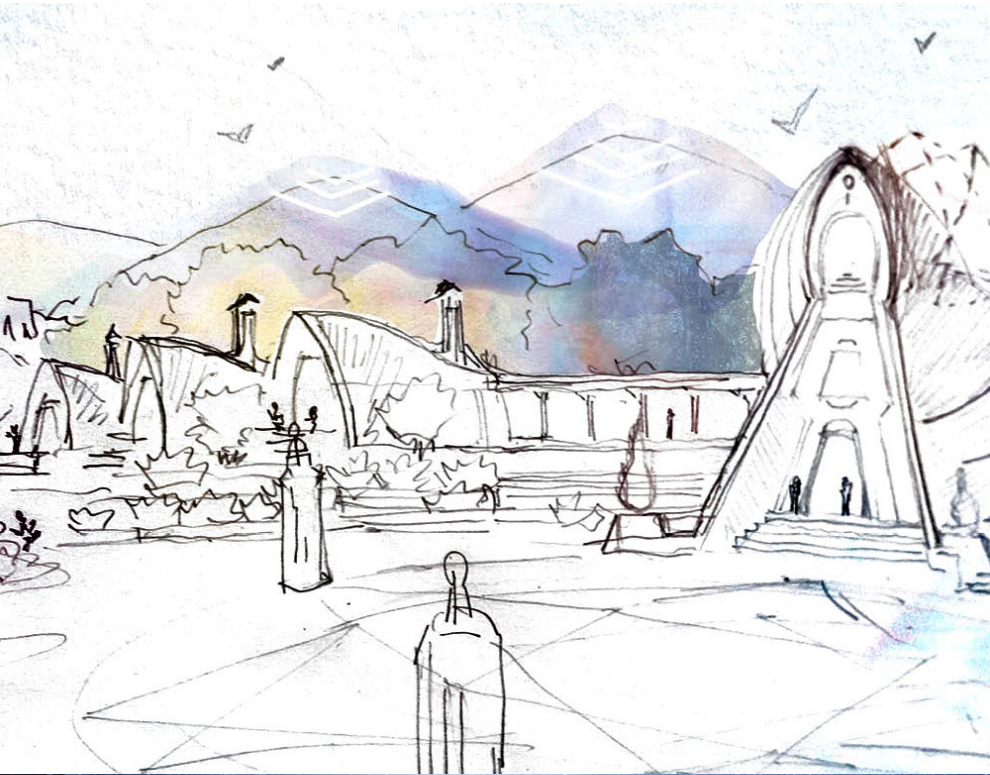

COSMIC BLUEPRINT CHANNELLING

Aisha transmits light language from angelic beings who are super excited about building the New Earth architecture with you! (It is rare to see an architect who has this level of spiritual skill).

The light language delivers **pertinent messages, keys, and codes** that carry the blueprints for your **deam sanctuary**, as well as unique frequencies, colours, sounds, and forms that are **beautifully calibrated instruments of light** to heal and harmonize the land. The angelic beings are searching for the ideal stewards and locations to send these cosmic blueprints. It is our task to build them in physical form and create a worldwide network of New Earth Temples for Mother Earth and humanity's rising.

NEW EARTH TEMPLE BIRTHING

Through her rare combination of spiritual, artistic, and architecture skills, Aisha translates the cosmic blueprints you receive into **elegantly designed** buildings and gardens that emanate with **healing, grounding, and activating frequencies...** and can actually get built!

The transmitted forms are unique to your specific property, and specifically tuned for your signature energy.

The New Earth Temples break free from the constricting cookie-cutter housing/ institution paradigm through a **spiritual BEAUTY** where masculine and feminine are in perfect balance, and buildings are vessels for your transformation, freedom and abundance.

TELEPATHIC JOURNEYING

Aisha's expertise in telepathic journeying to your property (no matter where it's located in the world) will help you receive essential guidance and information from the Spirit of the Land for your dream sanctuary.

This is a critical step in The Sacred Blueprint™ Design Quest helping you discover the inner world of the land so you identify any energies that are either blocking or supporting the actualization of your project. From geopathic stress such as toxic underground water to earthbound souls (ghosts) causing 'trouble' to power spots or portals emanating with healing frequencies, all are integral keys to designing an optimal blueprint that attracts abundance, vitality, freedom and joy.

ON-SITE & REMOTE DOWSING

To support the telepathic journeying Aisha uses on-site and/or remote dowsing via maps to confirm and further investigate the energies on your property.

To determine the ideal locations for indoor and outdoor spaces, geomantic phenomena are dowsed such as:

- > Nature spirit dwellings
- > Underground water
- > Toxicity/ 'Dark' life-draining zones
- > Invisible property divisions/ severances
- > Burial grounds/ ancient ruins
- > Old wells/ new ideal places to drill
- > Fissures/ fault lines
- > Stable rock for foundations
- > Energetic Portals and Power Places
- > Sweet spot for dream home

LAND HEALING & HARMONIZATION

A key step in The Sacred Blueprint™ to smooth and easeful project planning, is land healing & harmonization. As a certified alchemical energy healer, Aisha is equipped with the magical tools to create a safe container for releasing any trauma, blockages, impurities, or unresolved energies on the land. This is an empowering process where you are an active participant and gain skills to be a good steward or 'house-keeper' of energies on your property.

This can look like land offering ceremonies, creating physical/ etheric channels for earthbound soul release, neutralizing geopathic stress, working with sounds, colours, and/or focused thoughtforms through imaginative meditation.

EARTH ENERGETICS MAPPING

The results of the telepathic journeying, on-site/ remote dowsing, and visions you receive through The Sacred Blueprint™ Design Quest are transferred onto an energetic site map indicating earth energies such as power spots, ley lines, underground water, chakras, portals, nature spirit dwellings, and ideal locations to build indoor/ outdoor spaces.

The earth energetics mapping governs your final optimal blueprint and ensures your dream sanctuary design is in tune with the Spirit of the Land and honours your Soul's Purpose.

ORGANIC ARCHITECTURE

The Sacred Blueprint™ Design Quest helps you break free of the constricting cookie-cutter housing/ institution paradigm to design an organic soulful home, temple or community by listening to Nature and the Spirit of the Land.

Aisha is experienced in designing buildings with life-affirming forms and natural materials that enhance health, and bring peace, grounding, and alignment.

Her portfolio of works include pure stone, straw bale, and 3D printed hempcrete constructions with natural lime plasters, clays, earthen floors and tadelakt finishes.

ECO-BUILDING

Aisha and her team provide designs that integrate various ecological building methods such as:

- > Passive heating/cooling systems
- > Straw bale
- > Cob Wall
- > Rammed Earth
- > Hempcrete (3D printed or hand-built)
- > Stone
- > Timber Frame
- > Natural finishes: Lime Plaster, Clay, Tadelakt

ANTHROPOSOPHIC ARCHITECTURE

“However much study may be devoted to the elimination of crime and wrong-doing in the world, true redemption, the turning of evil into good, will in future depend upon whether true art and architecture are able to generate a definitive cultural atmosphere, an atmosphere that can so fill the hearts and souls of human beings - if they allow this atmosphere to influence them - that liars will cease to lie and disturbers of the peace will cease to disturb the peace of their fellow citizens.

Buildings will begin to speak. They will speak a language of which people today have as yet no inkling”.

~ Rudolf Steiner from *Architecture as a Synthesis of the Arts*

ANTHROPOSOPHIC ARCHITECTURE

Anthroposophic architecture sprouted from Rudolf Steiner's anthroposophy movement revealing deep knowledge of how architecture is an expression of humanity's stage in consciousness, and that buildings - if designed with the right forms and spirit-led artistic impulse - are vehicles for the spiritual world to speak through humanity and building of the New Earth.

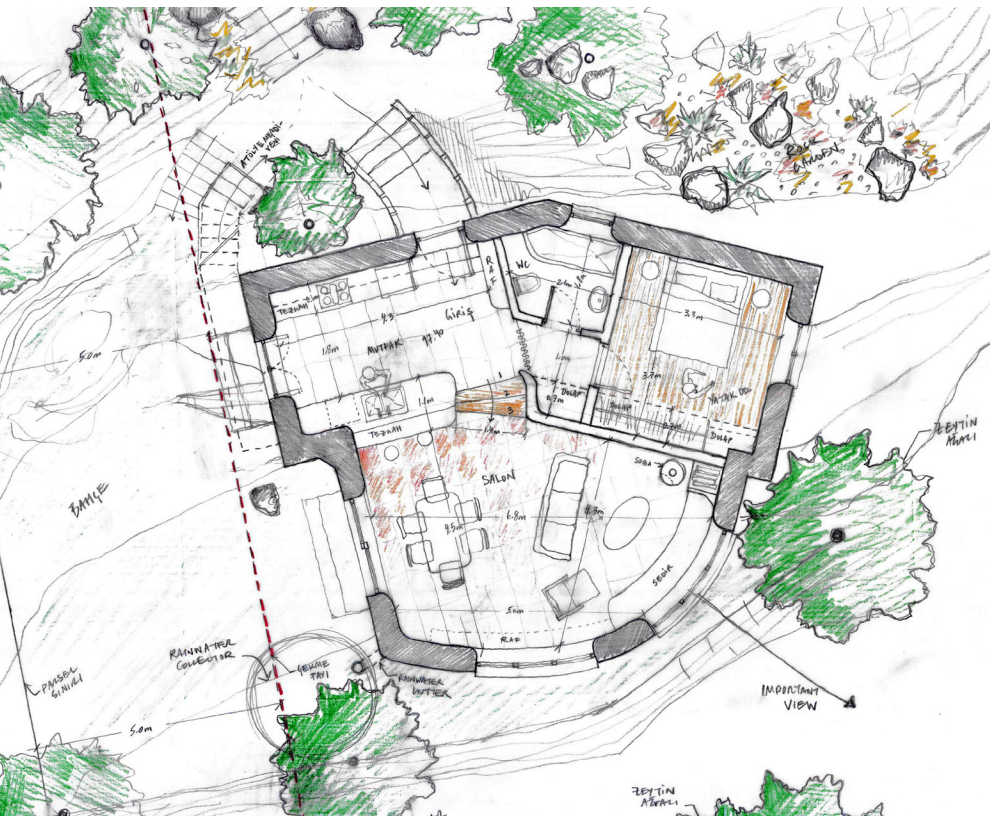

Aisha has been studying Rudolf Steiner's esoteric wisdom and architecture principles for nearly 20 years and creates stunning designs embodying the impulse of metamorphosis through flowing life-affirming spaces that warm the soul and heart. With the rapid advancement of AI putting our creativity and intuition at risk, Aisha is a torch carrier for architecture birthed through the natural human touch!

CONCEPTUAL/ DETAILED ARCHITECTURAL DESIGN

With 20+ years expertise in the architecture field in Canada, Germany, Switzerland, and Türkiye working on homes, communities, and public spaces from conception to construction, Aisha and her team help translate the visions you received from the Spirit of the Land into a set of beautiful laser precise architectural design drawings to advance your project planning and building with success.

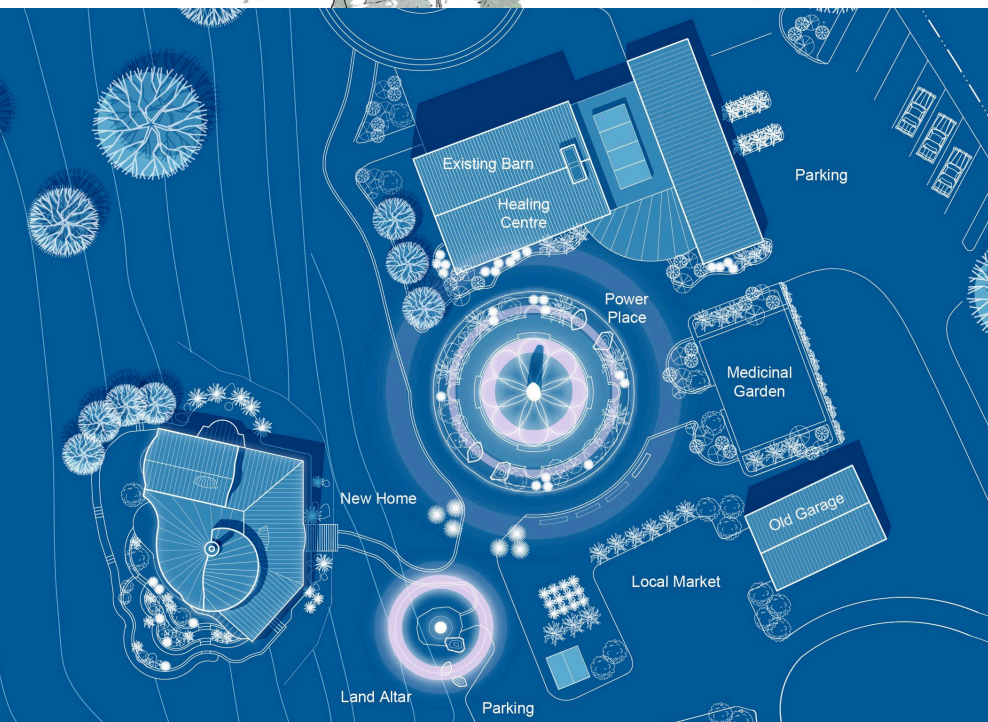

These include digital and hand drawn scaled and dimensioned masterplans, floor plans, sections, elevations based on actual property measurements, and 3D views of your dream sanctuary.

HOLISTIC SITE PLANNING

Holistic site planning is an integral part of The Sacred Blueprint™ Design Quest that involves designing your entire property to ensure all the indoor and outdoor spaces sing together as a whole in accordance with the earth energetics (power places, sweet spots, nature spirit dwellings etc.) and visions you received from the Spirit of the Land.

This includes positioning, orienting and designing buildings, gardens, farms, outdoor spaces, landscape temples/ altars, entryways, thresholds, pathways, parking, water features, rainwater collection areas, grey/black water recycling, septic beds, natural underground fridges/ storage, energy generating systems etc.

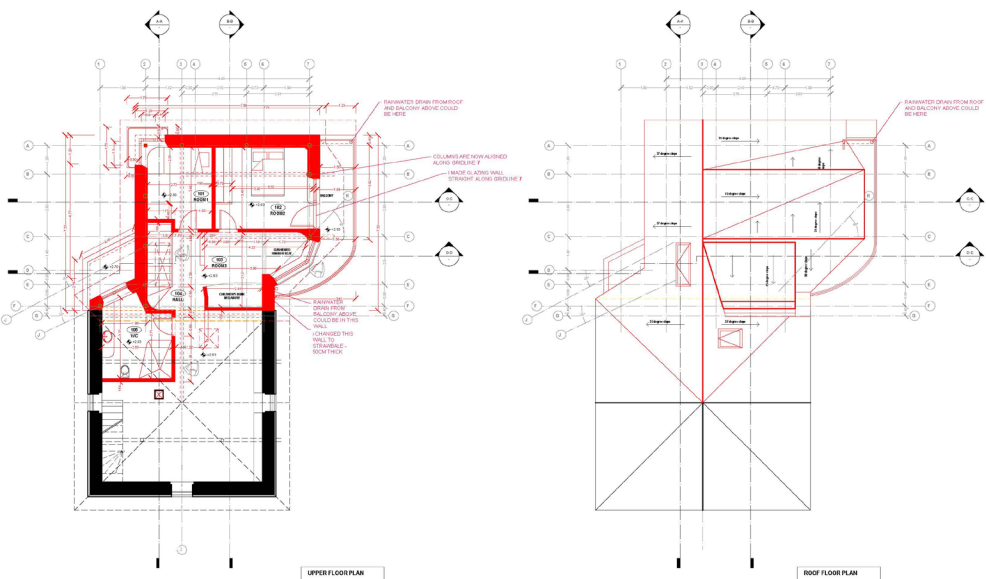

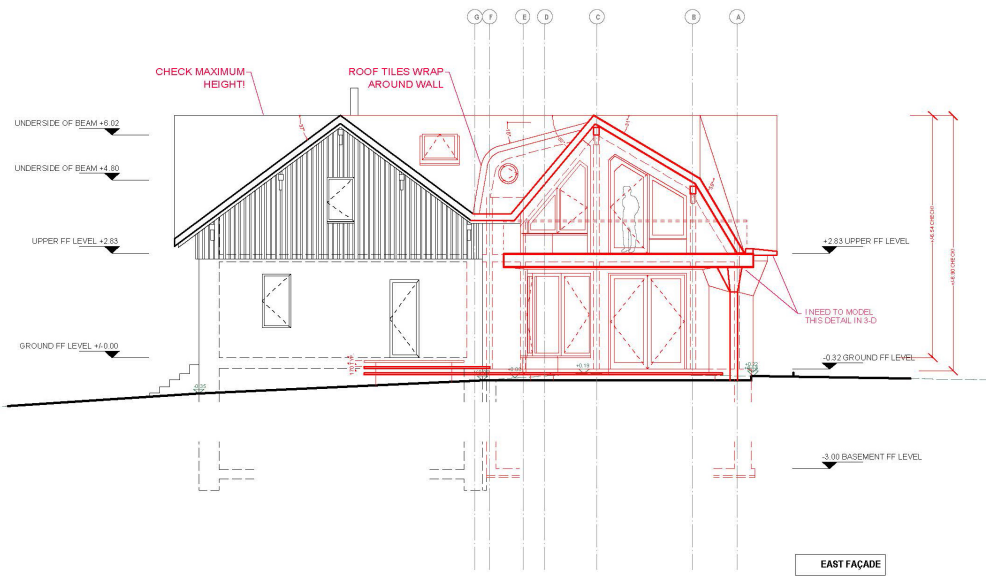

CONSTRUCTION DRAWINGS

Aisha and her team provide digital and hand drawn construction drawings which require coordination with your local builder/ designer/ architect, mechanical/ electrical/ structural engineer, and any other specialized consultant to get your dream sanctuary built successfully.

Drawings include:

- Site plans
- Floor plans
- Roof plans
- Reflected Ceiling Plans
- Building Sections
- Elevations
- Wall Sections
- Millwork/ built-in furniture details

PROJECT COORDINATION

Aisha and her team are available via on-site and remote meetings for project coordination with engineers, builders and local designers no matter where you are in the world!

To ensure your dream sanctuary gets built with success while staying true to the optimal blueprint you co-created with the Spirit of the Land, Aisha weaves her spiritual intuitive gifts with her architectural expertise to support the easeful manifestation of your project.

TESTIMONIALS

***“Aisha greatly helped us align our vision and purpose with the spirit of the land where we’re making our home.*”**

Her guidance was inspiring and helped us to uncover our true vision for our homestead, which she then finessed into a design of great beauty, as well as heal the land so that we can begin anew.

It is absolutely wonderful to understand the energetics of our land, thanks to her help. We are excited to plunge our hands into the Earth and bring the design into reality, and look forward to an abundant homestead, filled with the richness of our collaboration with Aisha and the land, for years to come!”

Celine & Jonathan Mackay

Stewards of the Land, Owners of Sustaine Ecostore

TESTIMONIALS

“What a wonderful pleasure and process to experience the birthing of my long-held dream retreat sanctuary!”

After working with Aisha I have a beautiful conceptual drawing with which to manifest the ideal property. Her unique process took me deeper into my vision and at the same time allowed her to really listen to my thoughts and ideas. Then she added her amazing intuitive talents to produce a plan that is already way more wonderful than I could have imagined by myself. I look forward to continuing collaboration with her and I know she is bursting with many more creative ideas to bring this project into the new world. I cannot recommend Aisha enough for anyone considering the creation of a project that needs to birth, for the healing of mother earth and all its inhabitants. Aisha brings the connection with the spirit of the land (small or large) to the design process. When spirit endorses the project, it cannot help but be perfect for those that will experience its healing energy.”

Margaret Olsthoorn

Land Steward, Revital-Eyes Interiors

TESTIMONIALS

“Aisha is very skilled in tuning into your dreams and the land’s capacities.”

Aisha is someone I am very grateful to have come across at the early stages of our dream to create our family home. She accompanied us through every stage of the vision developing with a deep listening to the land and our needs as individuals and as a family.

At every stage we felt in deep conversation, which made the experience really enjoyable and grounded.

We always felt like we were in great hands!”

Melania Gil de Sagredo

Owner, Karakaya Retreat Center

TESTIMONIALS

***“We feel very blessed to have worked with Aisha! She has a unique gift of communicating with the natural world without losing site of the practicalities of everyday living.*”**

I feel very fortunate to have worked with Aisha on our neighbourhood project. This project was very close to my heart and I don't think I could have found someone more sensitive to our needs as individuals, as a community and negotiate it with the land so skillfully that we could fit in and feel as a whole. Aisha gained our trust from the get go with her willingness to listen and find the best solutions for us coupled with her sensitivity, and deep respect for the land. We felt heard and seen and also learned to feel and see the land in a different way through her eyes. Her commitment showed in the countless hours she spent observing, exploring, contemplating in the land. Her genius as an intermediary between our dream and the wholeness of the land shows in the final design. Each of the 7 houses have their unique soul and gifts. It's been 2 years living in my house and there hasn't been a day I felt gratitude for the safety and connectedness our home offers. Through each window the best of our surroundings are invited in and framed as living art, meanwhile the houses still feel cozy and contained.”

Feride Gürsoy

Family Constellation, Somatic Experiencing, Shamanic Energy Coach

TESTIMONIALS

***“No words can describe the collaboration I experienced working with Aisha! It’s a feeling of homecoming and speaking the same language.*”**

From the moment I saw Aisha’s work and learned about The Sacred Blueprint™, I knew we had to work together to bring HYMNN into (earthy) form. I can feel in every cell of my being that this is what Aisha has to bring into the world. Providing invitations, structures to work with her, that allow people to connect again with the spirit of the land, with Mother earth. To guide people into the sacredness of building. She is a master in inviting you to slow down, to connect with yourself, your own intuitive power, to connect with the energies of the land, to partner with it and then to really consciously and intentionally design and build the spaces you envision. Aisha’s guidance is intuitive and crystal clear. She gave me the structure I needed to bring all that I envisioned into beautiful designs. The Sacred Blueprint™ was a joy and a gift to work with. Walking through the wheel, taking the steps felt so natural and sacred at the same time. Bringing energy into form. In our 1:1 sessions her profound and precise way of summarizing what I had shared is a talent of Aisha that gave me so much insights. Thank you so much dear Aisha. I love(d) working with you!”
