

# Something to write home about?

## Remember choosing & writing postcards?

It used to be part of every trip

*Finding just the right card*

*Sitting with a coffee or beer to  
write a few lines*

*Popping it into a postbox*

*Friends & family receiving  
handwritten messages*

*Cards kept for ages, reminding you  
of your trip*

**We'd love to help you find the  
pleasure of that tradition again**

**Why not take a few minutes to  
send a postcard?**

**It might make someone's day**

**And of course we'd love to  
welcome them here one day too!**
