

# Ballerina Paper Dolls

What you need: cardstock paper, clear contact paper, scissors, tape or glue dots

What to do:

1. Print out the dolls and dresses on heavy cardstock paper.
2. Have an adult help you cut out the dolls and dresses along the dotted lines.
3. (Cover dolls and dresses with clear contact paper so they last longer.)
4. Place a roll of tape (or a glue dot) on the back of the dresses.
5. Stick the dresses to the ballerinas and pretend they are going to a dance!

**Optional fun idea:**  
Glue a craft stick to the back  
of the ballerinas  
to make puppets!
