# Everything is Energy

- Our deep soul connection to our cats is undeniable.
- There is so much more going on than meets the eye

- In the wild, animals tune into the energy around them for survival.

- Animals that live with us, tune into our energy.
- Looking at the metaphysics behind your animal's physical and/or behavioral symptoms can bring ease and grace to the aging process.

- What happens when energy doesn't flow
- Animals pick up our energy and it effects them, so awareness is key

*"Until you make the unconscious conscious, it will direct your life and you will call it fate"*

*Carl Jung*
