A CHILD'S FAMILY TIME LINE

Materials: Graph paper in strips

A board with pictures of the members of the family (name of each at top).

Note: Find out ahead of time the ages of all family members. The age of each

person is counted off on each square and numbers are written in the

squares.

Presentation:

Guide the child to prepare the poster board with the photos and names. Have the child cut out the strips of squares, write numbers on them, attach more strips if needed, and then paste strips onto poster board

under appropriate person.

Purpose: To give the child an impression of time by graphing the different ages of

his family members.

Age: 5 years and up
