BACK TO SCHOOL ADVICE

September 2019

Parents and students across the country are celebrating as the summer comes to an end and another school year begins! Keep an eye out for fun bits of advice for this year from educators in the UAE.

Parents, a growth mindset and grit may matter more to overall success for your child in life than native intelligence. You become more optimistic, take up challenges with ease, and believe that life is beautiful.

Sheela George

Principal at ASPAM Indian International School

Parents, have conversations with your children each day regarding relevant learning activities in the classroom and celebrate their achievements at home.

Tiffany Brooks

Principal at American International School

Parents, please remember to
remain relaxed and happy,
your children will feed off your
energy.

SUKAIYNA GOKAL, FOUNDER AT GARDEN OF AYDEN

READ, READ, READ everyday! Reading helps you in all subject areas and helps you in life! So my biggest advice is to read everyday!

Andy Lyons

Director at Ignite School

Make a point to reconnect with friends once school starts but don't be afraid to branch out and meet new friends that are different from you.

*Dr Stephanie Chattman
Principal at Universal American School*

Realise that your teachers are there to help you so don't be afraid to ask for it.

DR STEPHANIE CHATTMAN, PRINCIPAL AT UNIVERSAL AMERICAN SCHOOL

Get organised! Use folders and binders for every subject right from the beginning. Get a planner so you can write down reminders, deadlines, and important dates. You are more inclined to remember when you write things down.

*Andy Lyons
Director at Ignite School*

Switching to a new school is an opportunity for a fresh start; to reinvent yourself, to enjoy new activities, and to make additional friends, not replace older ones.

*Sukaiyna Gokal
Founder at Garden of Ayden*
