

ABOUT THE I MATTER ADVANCED STAGE COURSE

ADVANCED APPLICATIONS

OVERVIEW:

The Foundation stage gave you a good understanding of the I Matte Framework. The Intermediate Stage helped you learn how to use the I Matter Framework to support developmental thinking and a systematic approach to relationship health recovery for children and adults. In the advanced stage we focus on the application of this learning to a wide range of specific situations.

ADVANCED STAGE: Advanced Applications

STAGE 1: Direct Roles Understanding Advanced Applications will help you and your staff team to see everyday situations differently so that more clarity and effectiveness can be brought to your responses

Preparing for STAGE 2: Supporting Others: Completing your Advanced certification enables you to apply to Stage 2 for supporting others in Link, Lead or Advanced Practice roles for more complex needs

THE I MATTER ADVANCED APPLICATIONS STAGE IS FOR

- + Any parent who wants to have a deeper understanding of how to help a child with additional challenges
- + Any professional in a front line role supporting children who struggle or challenge with additional needs
- + Professionals working with parents who are concerned about children who struggle or challenge

The training and approach is for practitioners in education with responsibility for pastoral support, safeguarding, SEN, Mental health champions as well as GP's, Health Visitors, School Nurses and Social and Community Workers. I Matter Thinking supports whole-setting thinking and targeted work

COURSE STRUCTURE:

The core Advanced course is based on a core of 6 webinars exploring applications to a range of focus issues and then a bespoke series of case studies informed by the expertise and needs of your group. You will take part in a series of webinars with other experienced I Matter Practitioners – either live or supported with a recording. You can go at a fast or slower pace as works best for you – around 90mins study plus group check in per module:

Module 1 – Advanced I Matter Case Formulation – Taking a Systematic Approach

Module 2 – Complex Case Study Examples

Module 3 – Choosing your own specialist interest

Module 4 – Developing a Professional Community of Practice

Module 5 – Well-Being Planning

Module 6 – Developing a Parent Community Development Programme

The Advanced Applications Course equips you to use I Matter thinking to support decision making about challenging situations in a community of practice context.

COURSE COMPRISES: Online learning account with around 6 x 90mins study and 6 x 60min live group calls

BY THE END OF THE I MATTER ADVANCED STAGE: APPLICATIONS

Participants will have an understanding of how to use the I Matter Framework to support effective clinical decision making in regard to the care of children and families
