Tony Martignetti is a trusted leadership advisor, entrepreneur, idea generator, and people connector. He brings together practical experience, formal training, and extreme curiosity, to elevate leaders and equip them with the tools to navigate through change and unlock their true potential.

He loves guiding people to find clarity in their lives, so they are energized, fully present, and unstoppable. When leaders unlock their potential and lead from a place of inspired purpose, they impact and inspire everyone around them. He has dedicated himself to helping people live an inspired life.

Before becoming a leadership development consultant, he was a finance and strategy executive with experience working with some of the world's leading life sciences companies. Along his journey, he also managed small businesses and ran a financial consulting company.

Tony is the host of The Virtual Campfire podcast and the author of the soon to be released, "Climbing the Right Mountain: Navigating the Journey to An Inspired Life."
