

Writing Success

in the early primary years
Begins April 26th, 2021

In this 12 week Teach Along you will move from stuck to successful as you support your lower primary students along the path to proficient and fluent writing.

- A Teach Along is a 'drip fed' online course that allows you to learn a little, teach a little and then reflect before moving on to something new.
- *Writing Success in the Early Primary Years* is specifically written for teachers in foundation to year 2.
- *Writing Success in the Early Primary Years* is a comprehensive, practical course that will support your teachers to achieve clarity about teaching both transcription and composition in a systematic way to build student confidence, engagement and skill.

- are looking for a systematic way to teach writing that doesn't exhaust you and your students.

- have a small voice inside your head saying, 'The way we teach writing just doesn't make sense'

- have limited time for professional learning and prefer your learning in smaller 'chunks' that allow you to implement as you go
