What is “Right Livelihood?”

“Right Livelihood is your birthright…”

RL = SPP + SC + NPL & Legacy

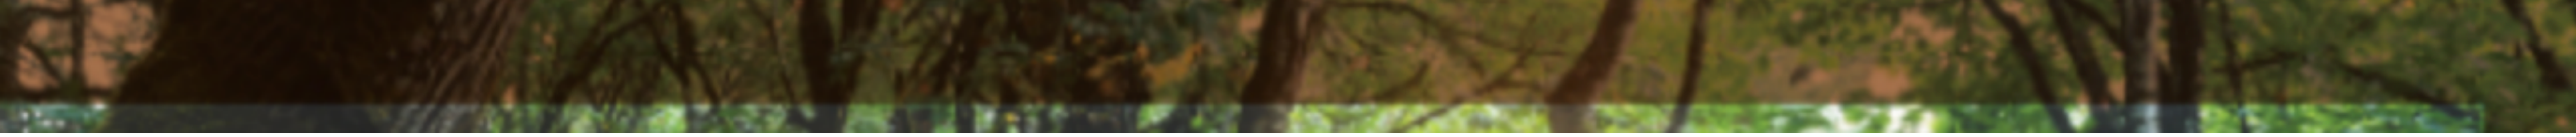

SPP = Soul Purpose and Path ———-> Why you’re here

SC = Sacred Commerce ———> Get paid really well

NPL = New Paradigm Leadership & Legacy ———> Stand in your truth

The outcome is you know why you are on the planet, you are standing in your leadership in your gift and truth, and getting paid really really well to do it.

Resonance Model

Mystics Society
Purpose. Passion. Prosperity.

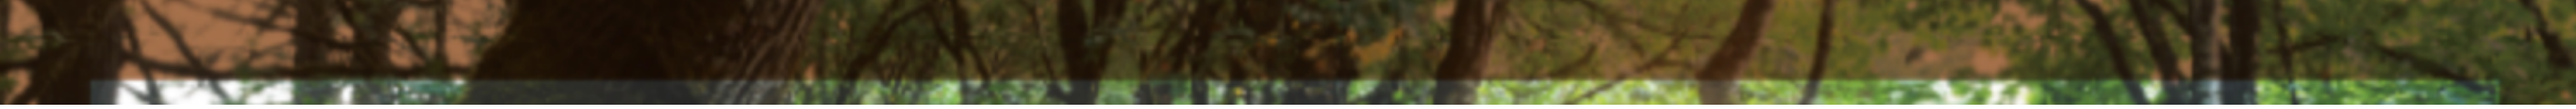

Resonance or ACAR

Our resonance is the energetic or vibration we are putting out. It is the frequency at which we create - it therefore affects the frequency of what we attract. The process described here helps walk you through the key attributes that affect your resonance and helps you identify where you can refine your practice, presence or message to be in better alignment with your intentions and divine path.

ACAR is actually a formula

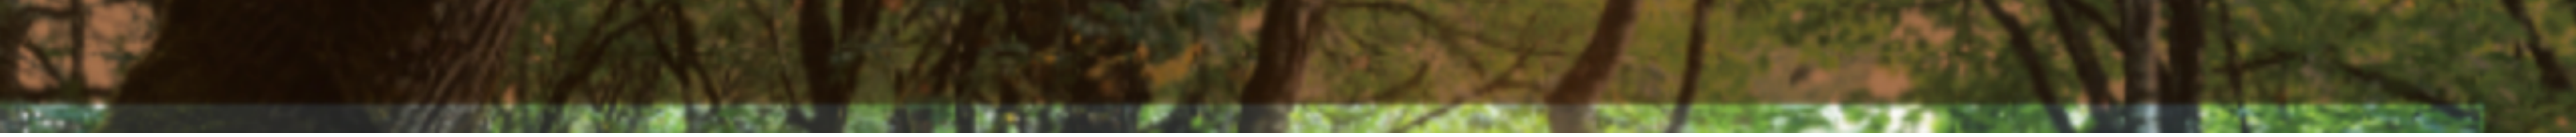

Basically, the idea is that how well you know yourself, how you project yourself and show up in the world, and how you align to your intention or audience directly impacts how you are received by the world.

At the midpoint we find that Lucidity yields Clarity

- We see the key themes in new ways
- Time - is literally changing
- Change - is fully underway
- Lucidity = Seeing = Knowing As guided, by the mid point of the year we began to see.
- The Fulcrum Point was more than just a turning point - it sits at the intersection of time and change

We are called to look more deeply at Change + Time.

Fulcrum Point: On Change - what we “knew”

- It’s everywhere
- It’s across systems
- It’s true spiritually, politically, emotionally, economically

…more paradigms were in play than we could even perceive, including how we are compensated for our time.

Fulcrum Point: How change was affecting “commerce”

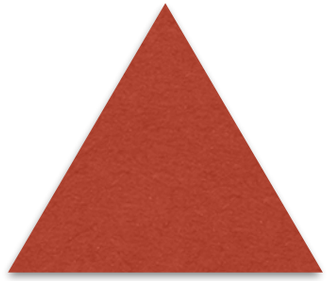

- Not going back to the “before”
- Everyone’s perceptions of mass systems shifting
- Vocabulary shifting
- Moving from “Chronos” time to “Kairos” time which is impacting our WORK
- The fulcrum point IS change

What does that even mean?

Fulcrum Point: The Symbol of change is the delta

…and the delta (is the fulcrum?) but of what?

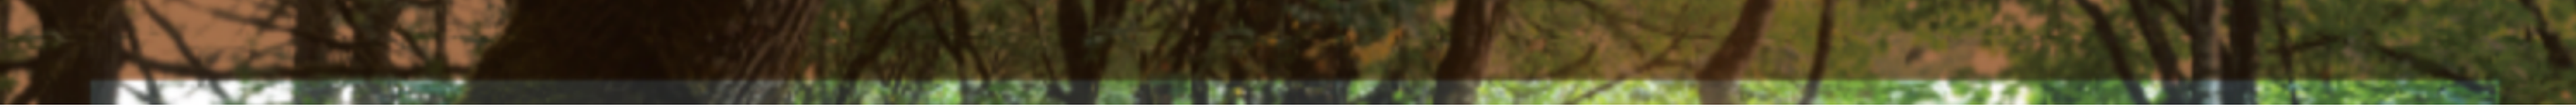

copyright | linsdaypera | MMI 2021

Time: The intersection of time and change

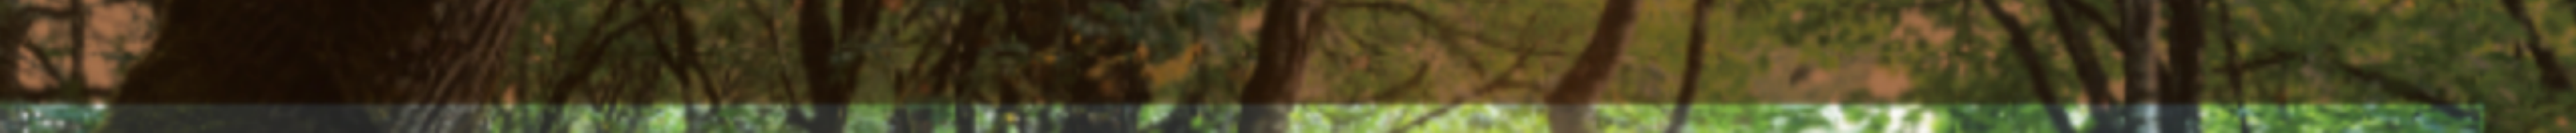

Suddenly the change becomes the fulcrum. The point of shift between the Before and the After. Between Chronos and Kairos.

Sacred Commerce: Looking even further Back

copyright | linsdaypera | MMI 2020

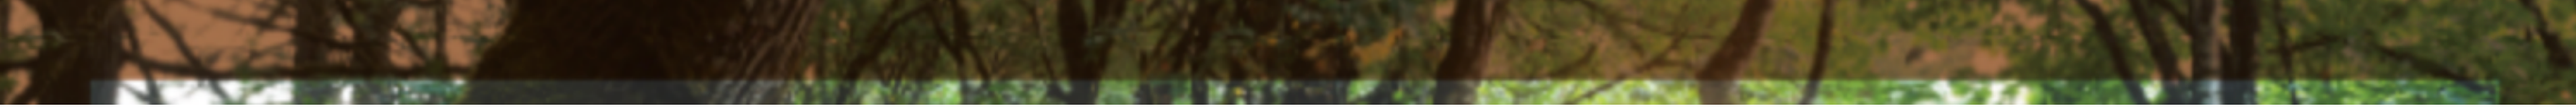

The Origins of Sacred Commerce

- Sacred Commerce - Ayman and Rowan
- Peacemaking in exchange
- All needs met
- Cocreative and generative (Not extractive)

Sacred Commerce acts as an antidote to late stage toxic capitalism

Sacred Commerce: How?

copyright | linsdaypera | MMI 2020

modern mystics INSTITUTE

Questions being asked: How?

- **You know it - what it’s not**
- **You feel it - remembering**
- **You ARE doing it - you are here**
- **It’s an act of revolution, rebellion, resistence but also REVISIONING**

Sacred Commerce acts as an antidote yes, but also as at threshold to the collective shifts we are moving through.

copyright | linsdaypera | MMI 2021

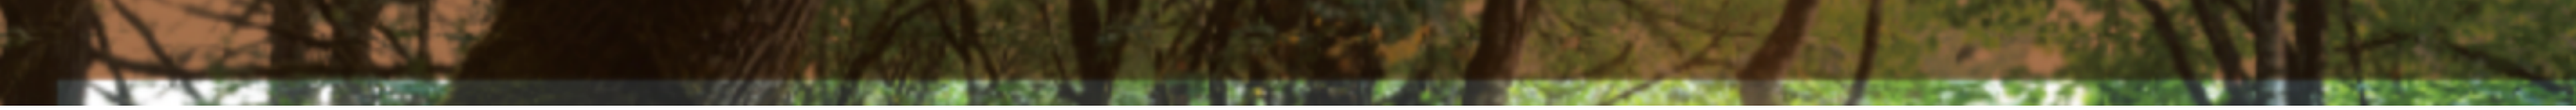

modern mystics INSTITUTE

Sacred Commerce: We are already seeing examples of the impacts in our collective experience of “work”

- Shift in the workplace
  - Paid for our time ——> paid by results / outcome
- Shifts in tools & trauma response
  - Trauma informed everything please
  - Psychotherapy —-> + Plant / EFT / Matrix work
- Shifts in “time mangement”
  - Resource based (extractive) to Relational
- Even here in the Mystics - shifts afoot

Prediction: we are attempting to come into Right Relationship with our (paid) Time.

Ways you can claim it…

- Act from intersection of intellect AND intuition
- Give and create scholarship and sliding scales - seek not to perpetuate extractive /scarcity based models in compensation or offerings
- Trust in your generosity and generative systems
- Calibrate to alignment
- Iterate to SPP, LL
- Carve your own path

Refuse to be marketing to, and refuse to settle.
