About Dr. T

The truth is that MOST of us aren't enjoying - nor are we aware of - the full extent of the possibilities for vibrant health and abundant wealth. Our parents, teachers and mentors still don't know how to optimize body, mind and spirit, so how can this be taught to us or - our children?

As modern humans, we've been conditioned to follow a "path" to achieve success. In simplified terms, the culturally accepted paths to health and well being are organized into three categories: Western medicine, Eastern medicine and just ignore it!

But... what if there was an entirely different way to heal the body, mind and spirit? And... what if it was instantaneous?

Dr. T has transformed the health, wealth and well being of thousands of people and animals. Remarkably, he treats them from a remote location.

Amongst the countless approaches to creating health and wealth consciousness out there, Dr. T is truly in a class of his own. His knowledge is unmatched in the field. Using focused intention, Angels and quantum physics: he is a human engineer through whom the Universe co-creates miracles.

Dr. T is an inspirational speaker, premier engineer of health and wealth, and an in-demand consultant who leads from his heart and Soul.

AHUMANENGINEER™ or a Healer?

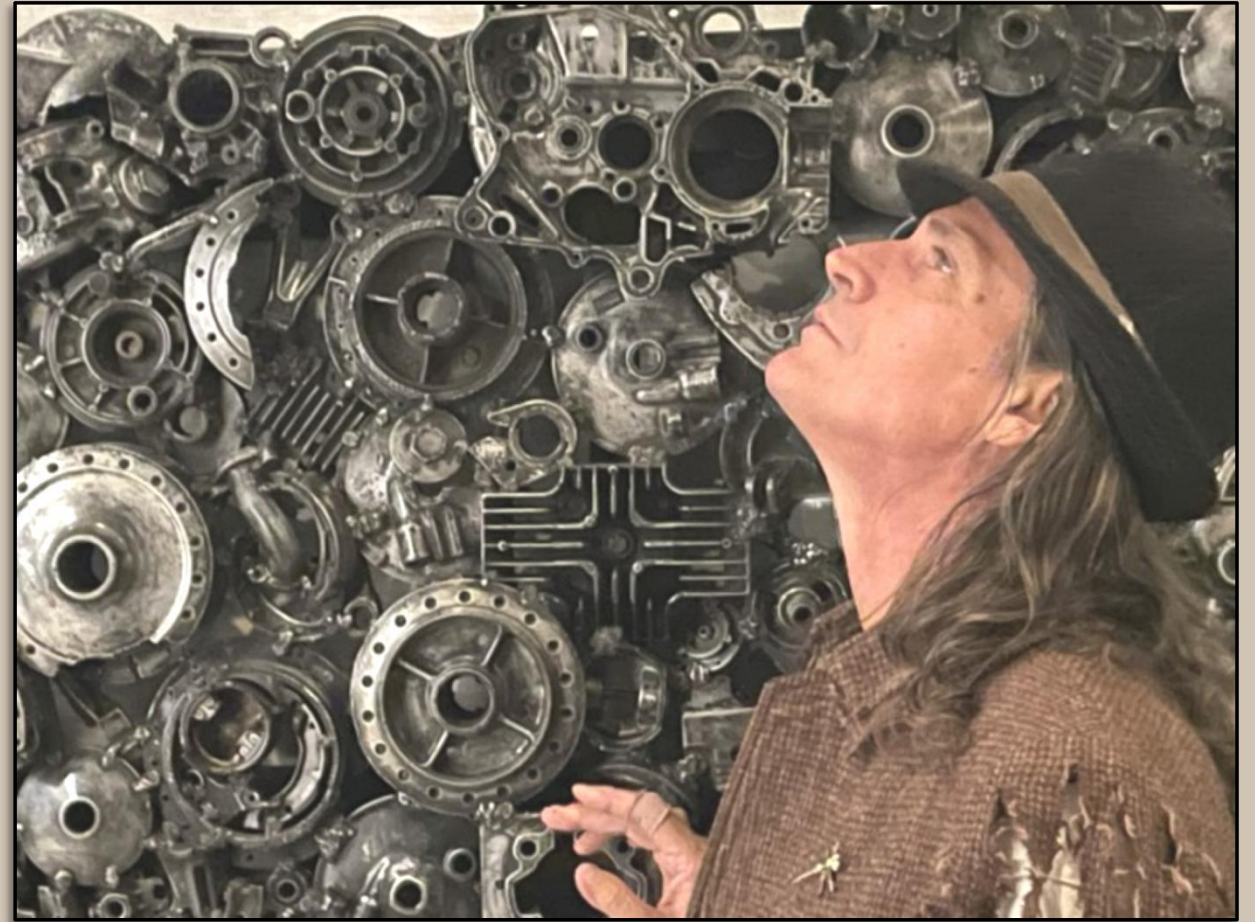

What is AHUMANENGINEER™

The definition of an engineer is a person who uses science, math and creativity to solve technical problems.

Dr. T is a Human Engineer. He brings a breadth of ability to all aspects of the human condition - body, mind, and spirit. He has studied all facets of the human body, including the mind-body connection.

As AHUMANENGINEER™, there is nothing in the body that Dr. T cannot discover and resolve.

AHUMANENGINEER™ or a Healer? Dr. T says, "I'm not a healer, I am a very knowledgeable tour guide of the body, mind and spirit and a problem solver for what ails humans and animals. I've studied everything about the body, taken it apart and engineered it back together countless times. I want to know how it works and how it goes wrong. The health and well being of the physical body is unlimited when we are able to correct emotional and mental disturbances.

Applied Quantum Mechanics

As AHUMANENGINEER™, Dr. T uses Applied Quantum Mechanics to positively impact people, animals, places and things.

Quanta is energy, which is the basis of all matter in the universe. All quanta can be influenced by observation and focused intention. **When we apply intention to a specific person, place or thing, we affect the quantum field of that person, place or thing to create change.** Dr. T is aware of this mechanism and has advanced his ability to positively impact the human body, mind and spirit.

He not only applies this technology, he teaches it.

Remote Sessions

“Those who say it can’t be done should not interrupt the person doing it.” ~Chinese Proverb

Imagine a consciously focused laser beam of unparalleled instantaneous healing from a remote location.

This is actual healing that is non-local.

This is not a consultation about health or what to eat or a review of a blood test or recommendations for supplements or medication. Dr. T has clients around the globe who receive remote healing treatments. The results are astounding. He’s happy to demonstrate live!!

Dr. T's Programs for Improved Health, Wealth and Well Being

Dr. T has a total of ten virtual programs, two of which are currently running: *Got Your Back* and *Crazy, Unknown Shift*. In these group settings, Dr. T will devote four 60-minute sessions to focus on various issues of the body, mind and spirit.

Dr. T's Got Your Back clears un-resolvable pain from the entire back of one's body, all the way from the top of the head to the bottom of the feet to create optimal back health

Crazy Unknown Shift is devoted to the previously unsolvable and unknown physical, mental and emotional challenges that other health care providers misdiagnose or can't diagnose.

Crazy Unknown Shift

Crazy Unknown Shift isn't just a program in Dr. T's arsenal, it is also the basis for much of his work with humans and animals.

Many of Dr. T's clients have been referred to him because their conditions had not been identified and therefore, their symptoms continued and/or exacerbated.

Dr. T recognizes that most of what we call disease and illness is in fact, pathogens and emotions that impact the body's ability to function.

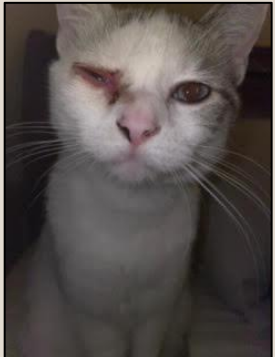

There is always an emotional component when one's health is compromised. Emotional health is, and should be, part of any wellness regimen. With Dr. T's protocol, conditions can be cleared without the need to delve into one's past or talk to release issues.

Dr. T's Speaking Topics

In much the same way that Dr. Joe Dispenza uses meditation to change the mind and reality and rewire the brain for self-healing, Dr. T uses focused intention, angels and quantum physics to apply and teach people how to achieve instantaneous results.

- Imagine there was a way to have radiant health, optimal well being and abundance in all areas of life that nearly 100% of the population is completely unaware of.
- Applied Quantum Mechanics and how using physiological intention, knowledge of quantum mechanics and the direction of Angels can drive the healing process locally and non-locally.
- Pathogens: The underlying cause of many diseases; chronic conditions and pain in the body and, many times, the cause of mental/emotional discomforts; anxiety, depression, suicidal thoughts. It's not in your head, it's actually alive in your body!
- To demonstrate, live, my ability to use Applied Quantum Mechanics, focused intention and the direction of Angels to disrupt the destructive patterns caused by pathogens, viruses and stuck emotions.
