

# 10X FAITH

*BRYSON G. BAYLOR*

HOW TO LET YOUR FAITH  
DO WHAT IT WAS SENT TO DO:  
CHANGE YOUR LIFE.

## 10X FAITH SECRETS REVEALED

**In this short report, I'm going to share with you some strategies that will dramatically improve your life - no matter your background.**

I'll also introduce you to a new perspective on faith that you can implement in your life immediately and see results faster than ever before.

I can make a "sanctified" bet that you are not implementing these principles on faith in your life the way that I am going to lay it out for you.

In short, my goal is to give you the foundation to unleash faith in your life and manifest the limitless possibilities of heaven.

### THE FAITH PROBLEM

Much of the beauty and power of Christianity is found in the responsibility given to Believers by God. Of course, there is indescribable beauty in the miraculous birth of Jesus, His sacrificial death, and in His triumphant resurrection.

However, there still lies a bit of glory in the responsibility God places in the hands (and hearts) of His children. It often isn't viewed from this paradigm of responsibility, yet it's still valid and present throughout scripture.

God has given the direct supervision and expansion of His Kingdom in the world to you and me- born again believers. We are the ones who ultimately determine what people will see and experience from the Kingdom of God (outside of the Holy Spirit, that is).

If you don't spread the Gospel, it won't be spread. If you don't expose people to the love of God and the grace of Jesus Christ, it will not be present in the world. If you don't pray for the sick in Jesus' name, the healing power of Jesus won't be experienced.

**If we don't do it, the Kingdom of God won't be seen by the world.  
That's the responsibility I'm referring to.**

Consider a few of the areas impacted by the influence of the Kingdom of God: family healing and wholeness, *physical healing, spiritual healing and deliverance*, divine forgiveness, *financial prosperity and abundance, societal transformation*, life purpose and direction, and so much more.

God has all of the solutions for what is ailing our world in the Kingdom of God. And He's determined that those realities would only be experienced when the people of God introduce them to the world.

The million-dollar question you may be asking right now, how does that all work? How do ordinary Christians introduce into the world the magnificent and glorious realities of heaven? The answer is **FAITH**.

**God "delivers" His realities and desires for people into the world by means of faith.** Faith is God's tool for Kingdom delivery into the world and He's placed the responsibility to steward and maintain these realities to us- the Church.

The big problem is that most Christians do not understand this responsibility nor do they understand the "Kingdom package" that's been given to them- faith. If we

do not understand faith and we ignore it, abuse it, or incorrectly use it, we do unspeakable damage to the Kingdom of God's progress.

And we allow the devil's realities and desire to be experienced in the world by default. Things like: sickness & disease, poverty & lack, depression, mental illness, unfruitfulness, war, evil, oppression, slavery, sex trafficking, perversion, and wickedness.

#### YOUR LICENSE TO BRING HEAVEN TO EARTH

Your faith is God's weapon for creating transformative spiritual and physical impact in your life and in the world around you. **It is your license, your right to bring heaven to earth** and to build the future that God dreams and has planned for your life. Your faith is too precious to treat it like a common "religious tenet."

I've devoted my life to serving God and learning about Him since the age of twelve and from my in-depth studies and research, I've compiled this report on faith that is guaranteed to catalyze your faith-life... guaranteed. I've discovered secrets on faith that have the power to turn your life around 180-degrees.

These insights on faith will give you *the power and liberty to finally break free from the chains and oppression* the devil may be imposing on your life. This could be in the form of spiritual bondage, financial bondage, relational oppression, sickness and illness, infertility, confused purpose, addiction, and strained spiritual connection.

My goal in this report is to enlighten you, inspire you to put your faith to work and to experience the glory of God's realities for you. I want to encourage you that you

CAN experience the fullness of God's blessings, promises, protection, and covenant.

You are able to live a life beyond "exceedingly, abundantly above all things you can ask or imagine." 10X Faith is for you if you are ready for more in life and more from God.

## DEFINING WHAT FAITH IS NOT

So many people have a complexity inaccurate idea of what faith is and how it actually works in our lives. What's even worse, this includes the batch of people who are born-again believers, who are supposed to be walking by faith and living by faith according to biblical mandates.

What this means is that we are living lives that do not correspond to the level of victory, authority, power, success, and influence Jesus died for us to have. We no longer have to deal with that because

**I want to help show you what faith is, how it works in your life, how it can be the most powerful tool you have in your Christian toolkit.**

### FAITH IS GREATER THAN FACTS

Now, first of all we have to understand what faith is not. For one, it's not an idea or a fact. For instance, I hear so many people (church leaders included) saying how they are keepers of the faith.

On one hand, this makes sense because most churches aim to maintain the purity of doctrine, theology, and the like. However, that's not what the primary meaning of faith is in scripture.

Faith is not about a historical fact, piece of doctrine, or an idea that we have to protect. Faith is a supernatural, divine entity. *Faith is bigger than that mere historical facts.*

For instance, if we were to look at the life of Moses- the great Hebrew deliverer and "bringer" of the law. It's a fact that he lived, that he led the children of Israel out of Egypt, and that he had a phenomenal relationship with God. However, just because we know those facts, doesn't mean that it's faith. Just because that's a reality, doesn't mean it's faith.

Faith is not necessarily a fact to believe. I mean, it is a fact, but it's so much bigger than just a fact, idea, or something that existed.

Just knowing information about something cannot change your future, it cannot manifest the invisible in your life. Facts are bits of information to adhere to, but they have no inherent transformative power or capacity.

**So, faith is so much bigger than facts or information. Faith changes things. Faith brings heaven to earth.**

## DEFINING WHAT FAITH IS

More specifically, Faith is the seed for heavenly manifestation in the earth. Without the presence or existence of faith in our lives, we could never be able to see God's plans, ideas, or realities produced in our lives.

**Faith creates things like salvation, baptism of the the Holy spirit, healing, spiritual gifts, financial blessings, spiritual deliverance, prophecy, and etc.**

### LIVING FAITH

Faith is a spiritual entity that is given to us to believe on and be diligent stewards of. God GIVES you faith- it's not something that you can generate on your own. This fact about faith gives us insight into some of the errors that we may have when it comes to it.

**You see, since faith is only given to us, we cannot simply have faith without it first being given.**

You cannot just see a home or a very nice car and begin to say you have "faith for it." Rather, you can do it, but that won't give you the undeniable, will-happen results that can happen when God gives faith to you.

Hebrews 11:1 tells us that "Faith is the substance of things hoped for and the evidence of things unseen."

If you simply "have faith" for something without it being given to you by God, that so-called faith can never be the "substance of things hoped for" nor can it be the "evidence" (or proof) of things unseen.

Does that make sense?

#### SELF-GENERATED BELIEFS CAN NEVER BE ETERNAL

Your own, self-generated beliefs or desires cannot create eternal surety for that thing. That kind of faith must be *given* by the one whose word can create an eternal guarantee for whatever it is that you are believing for.

**Faith is your eternal guarantee for the manifestation of a heavenly reality in your life.**

That's the power of faith- *it has to happen*. There is no way that if God gives it to you, that it cannot come to pass - as long as you do your small part of believing on- and maintaining it.

Your faith that is given to you from God has the power to modify the trajectory of history. It has the ability to bring about in your life what everyone says is impossible.

**When God gives you faith, He is giving you the key to a new future and possibility that couldn't come otherwise.**

## HOW TO RECEIVE FAITH

In short, faith is God's creative word about something. It's His word about your life or for some *thing*.

### FAITH STARTS WITH WHAT YOU HEAR

According to Romans 10:17, faith only comes to us by HEARING. In other words, we can only receive FAITH if we are in position to hear what GOD is saying to us—through the Holy Spirit, the Scriptures, the 5-fold gifts (pastors, evangelists, teachers, apostles, or prophets), or through our prayers to God.

**If you cannot hear what God is saying, you will never receive faith.**

What if the only thing holding you back from taking your life to the next dimension and having, doing, or being 10x more was your inability to hear what God is speaking? *Our ability to hear will determine the capacity or level of fAITH we operate in.*

Jesus illustrates this beautifully during his wilderness temptations experience. The devil tries to get Jesus to turn stones into bread, Jesus responds by saying "man shall not live by bread alone, but by every word that proceeds out the mouth of God."

**Jesus is saying he only survives and is sustained by what God says—  
FAITH.**

## LIVING BY WHAT YOU HEAR

This is why scripture declares that we are to live by faith- the words that God is speaking. Truthfully, if we are not hearing God, we are spiritually dead or atrophied. We only exist as believers based off of what God is saying.

So if you want to receive faith, you have to put yourself in position to hear God. That's the only way that you will receive true, life-changing, anything-is-possible faith for your life. That's the one thing that the devil doesn't want you to get a hold of.

Because if you ever do get a hold of faith for your money, your health, your destiny, your city- *he has no chance of stopping it*. He can't ultimately stop it from manifesting because God has put HIS word on it!

Now, when you pray or read scripture, make sure you're tuned into the Holy Spirit so He can speak what's on God's mind to you.

## THE ANATOMY OF FAITH

The make up faith is very quite simple: it's the device God deposits His word-promise in and then implants it into your spirit. Faith is given to you for you to do something with it; to bring something about in this earthly dimension (in the natural).

**Faith is a spiritual entity that, once developed, becomes a physical entity.**

## THE CONTAINER OF THE PROMISE

The very core piece of faith is God's Word. I refer to it as His Word-Promise because it's not just a vain, empty communication from God. Rather, it's His promise to manifest something in your life.

In fact, His Word-Promise isn't just something that "he will do later," but it is the actual fruition and reality of that thing in the spirit-realm.

**When God gives us faith, *it's not an IOU, it's an AD -  
an "already done."***

Hebrews 11:1 tells us that faith is “the substance of things hoped for, evidence of things not seen.” It's something that's already fully established and completed in the heavenly realm (God's primary dimension). He deposits faith in our lives as a means for *us* to release this "already done" promise into our lives.

**Faith, although already done in the spiritual realm, cannot be  
manifested without your help.**

Faith needs your help, input and cooperation. As a result, when God gives us faith, we have the solution to what we need. We have the answers to the pressing problems of society, family, and relationships.

What you do with your faith will determine what you see manifested in your life.

## THE DYNAMIC NATURE OF YOUR FAITH

God grants us faith to manage and to be responsible for. This is why God may give everyone who **hear** the gospel **faith**, but unless that person cooperates and manages as directed, they won't see the results of the gospel in their lives.

**Faith requires your participation and effort.**

### MANAGING YOUR FAITH

Faith not only require your participation, but, like a garden full of fruits and vegetables, it requires maintenance. God requires your faith to develop and grow (like plants) in order to reach the point of manifestation - *the point where it can produce tangible fruit in your life.*

There are multiple times in scriptures where Jesus criticizes His disciples- not about their lack of faith- but pertaining to the quality of their faith. He informed them that they couldn't produce or manifest certain results in their lives simply because their faith wasn't developed enough- it was still too small.

### "O ye of little faith" - Jesus Christ

The question then has to be raised: If the presence of faith in my life isn't enough according to Jesus, *what must be done in my life?*

Well, you have to develop and mature your faith through feeding it- jus tike a plant.

In one place, Jesus even compare faith to a plant- a mustard seed. This is because it starts off small, but upon it's development and maintenance (which must be done by you), it turns into a great tree and produces fruit (results).

#### WHY YOUR FAITH DOESN'T PRODUCE

And this is likely why people criticize preachers and ministers who teach and believe heavily in faith.

You may have heard things like, "well if God wants everyone to be blessed financially, why doesn't everyone automatically get it?"

Or others have said, "If Jesus wanted us to be healed, how come someone who had faith didn't get healed?"

I'm not going to claim ultimate knowledge on these cases, but I can say this: Unless your faith is developed to the point of manifestation, your faith cannot produce the demand.

The same way a tree cannot produce fruit while it is still climbing out of the ground and developing a root, ***your faith cannot produce until it matures to the point of manifestation.***

Your faith has a point of maturation where it will produce. It was given to you with the explicit expectation to produce. It has to be matured from "little faith" to "big faith."

## THE PROCESS OF FAITH

In order for your faith to reach "the point of manifestation", there are several critical things you have to understand about it. One of them is understanding where your faith has to grow and develop.

Romans 10:8-10 gives us insight into the places where faith must be "planted" in your life once you receive it: your heart and your mouth.

### FAITH IN YOUR HEART

**Faith has to be planted in your heart- your seat of conviction, belief, passion, energy, and intention.**

Jesus tells us that everything (good or bad) is generated from within our hearts. Our hearts serve as the engine and "make-it-happen" machine for our lives.

Therefore, if we are to produce anything spiritually, our faith has to make its way into our hearts to "reprogram" it with the instructions of heaven.

Your heart has to be convinced of the reality of faith. *If your heart isn't aligned with faith, it's like your faith-plant trying to grow in the middle of a highway.*

Your "it" will never happen because it's not planted in a conducive environment- even though the seed has the potential within.

## FAITH IN YOUR MOUTH

The other place your faith must work is in your mouth- in what you say. You see, your "confession" corroborates what you believe in your heart.

More importantly, what you SAY is the ultimate key to releasing the power and potential of faith.

One of the missing keys to this heavenly creative process of faith is your confession (or your declaration). You speaking what God is saying about a thing (the object of your faith) will help produce that manifestation.

**You cannot have the results of faith if you never SAY  
what faith is saying.**

The Apostle Paul says that faith must be in our hearts and in our mouths. In our hearts, it results in righteousness- that is right relationship with God. In other words, when our faith is rooted deeply in our hearts, God is satisfied with us and accounts our relationship with him as "in good standing."

*However, for faith to work, being in good standing with God isn't enough.* If we want the results of faith to be manifested, we need to have faith present in our mouths!

For the bible says faith in our mouths results in salvation- deliverance, results, manifestation. You must have both if you want to see the results of faith working in your life.

Most people have faith in their hearts, but it never makes it out of their mouths. As a result, you have God's pleasure that you believe, but you have to speak if you believe.

***“I believe, therefore I speak”***

You have to declare that you are born-again, that you are healed, that you are rich, that you have that purpose, that you are whole, that you are free. Plant it in your heart and say something!

## HOW TO DEVELOP YOUR FAITH

There was an account in scripture where Jesus' disciples were at an impasse attempts to heal a sick boy who was both, deaf and mute. Jesus eventually has to intervene because they couldn't breakthrough in their attempts. He could, however.

After Jesus easily heals the boy completely, He tells the disciples that the particular kind of demonic manifestation (of sickness and disease) they were up against could only be conquered through much prayer and fasting.

In this brief story, you can discover the primary tools needed to develop and mature your faith- Prayer & Fasting. The idea is that the disciples faith wasn't matured or perfected to the degree that *exceeded* the need.

I mentioned earlier how your faith has a "point of manifestation" that will trigger the physical manifestation of the faith-object. Well, in this case of sickness, the disciples' faith hadn't reached that "point" where it could manifest healing of that

particular sickness. Whereas they were able to heal other sicknesses and diseases in that account, that particular level - deafness and muteness- was stronger than their faith.

Jesus then tells them that in order for them to be able to handle that level of spiritual opponent, their faith would require "beefing up." This beefing up could only come from prayer and fasting.

**The gist here is that if we want to radically develop our faith to be able to exceed the spiritual opposition we may be encountering, we have to engage in a dedicated prayer and fasting.**

#### PRAYER: THE FAITH BUILDER

When you pray, scripture tells us that we can build up our "most holy faith" (Jude 1:20). This isn't referring to the prayers you said over your meals or the prayers you offer God before a meeting. *This is the kind of prayer where God downloads "grace and mercy" into your spirit to energize, equip, develop, and unleash your faith.*

Hebrews 4:16 tells us to go boldly to God's throne of grace to "receive mercy and find grace to help in time of need."

The point of us being able to ascend into the spiritual plane is to receive an impartation in our lives that will enrich us- particularly our faith.

**When your faith is enriched through prayer, it grows and is able to exceed the demands of your day.**

Possibly, the reason you have such a difficult time experience the fruit of your faith could possibly be because your faith hasn't developed to a point to where it can "overcome" the demonically-influenced obstacle you're facing.

Whether it be in your body, career, ministry, destiny, money, family, or whatever. Your faith has to be greater than whatever you are experiencing seeking to deny your manifestation.

The enemy wants to block and hinder your ability to manifest in the physical realm. So he does everything he can to disrupt your faith process by making what should be simple and routine, difficult and a long-shot.

#### FASTING - THE FAITH BUILDER

Fasting does similar things for you as well. Remember, Jesus says that both, prayer AND fasting is necessary to be able to overcome enhanced spiritual challenges.

When you fast, it allows you to align your body and mind with your Holy-Spirit-led spirit. Fasting is generally when you abstain from food for a determined period of time- 1 day, 3-days, 7-days, 21-days, 40-days, or whatever the Lord leads you to do.

Fasting quenches your fleshly mind and tendencies, forcing you into increased states of humility.

**And biblical humility exponentially increases your spiritual power.**

If you remember, it was only after Jesus embarked upon a 40-day, spirit-led fast that He was able to walk in the fulness of the POWER of the Holy Spirit. The faith within him was armed and ready to go. It was to the point that there was no situation he encountered where His faith could not triumph.

**Jesus gives us the formula for growing your faith from a small mustard seed into a gigantic tree that overshadows the entire landscape- prayer and fasting.**

## FAITH IS WHAT REALLY MOVES GOD

What has to be one of the most frustrating and confusing things for Believers worldwide is moving from a life based on the sense-based realm into the faith-based realm. Particularly because we are trained and expertly guided into trusting only what we can see; proving things and then moving forward.

**Well, faith demands the opposite- believing and then seeing.**

On top of that, not only does faith challenge the normal and standardized modes of existence we know (especially in Western thought), but it also is the only "currency" that moves God to respond in action. What a big challenge to those who are geared towards the seen!

### BECOMING A GOD-PLEASER

Nevertheless, Hebrews 11:6 informs us that God is satisfied (or pleased) *only* when we live faith-based lives. No, this doesn't mean we have to become foolish and wild people. But it does mean that **we can only expect God to respond to faith-filled lives.**

This gets even more challenging because even if God KNOWS we have a legitimate need - a bill due in 24-hours, a life-threatening disease, or a bonafide emergency- God will mostly only respond to faith-based requests and prayers from us.

In other words, our needs don't move Him. Our wants don't move Him. What is *right* doesn't move Him. **Your faith moves God.**

And not just the "seedling faith" either, because scripture tells us that God already gives every believer this "seedling of faith" or the "measure of faith" (as mentioned in Romans 12:3).

It's not the presence of faith in our lives that moves God to act and release the fruit of our faith...

**Developed, matured, and applied faith causes things to happen.**

#### MAKING SENSE OF FAITH

When you understand this, it may make sense why so many Christians end up frustrated, hurt, and disappointed with God. They don't understand the principles and science of faith.

If you've ever heard people say, "how come God doesn't heal EVERYONE" or "how come everyone isn't rich and successful?" The first thing you need to know it's not that God doesn't desire that for each and every believer.

He wants the best for us and He wants us to become just like Him in all we do. Additionally, it's because most believers do not understand how faith works and that *developed faith is what satisfies God and causes things to happen.*

Now, whenever you need something to happen in your life, don't just ask for it- but move in faith for it. Grow your faith for it. Because once it hits the point of manifestation, nothing on earth or in heaven will be able to withhold the fruit of your faith!

=====

## ACCELERATING YOUR FAITH

The great thing about faith is that it isn't some standardized, predictable entity. I mean, there are ways that you can accelerate your faith's development beyond the normal, standard practices.

**There is at least one way where your faith can grow with warp-speed- from being in the enhanced presence of God, His glory.**

### WARP-SPEED FAITH

In Mark 10:46 - 52, the story of a blind man by the name of Bartimaeus is given. Bartimaeus clearly has faith because he is calling and asking for Jesus to have mercy on him when he discovers Jesus is nearby.

The awesome part of this is that Bartimaeus has faith the whole time, but it's only when Bartimaeus' faith encounters the manifest presence of God - Jesus Christ- that His faith heals him.

I know this because Jesus tells Bartimaeus that his faith made him whole. If faith healed Bartimaeus, why didn't Bartimaeus get healed when he had faith at verse 46 of this account? His faith was the same in verse 46 as it was in verse 52.

Yet it was only in verse 52 that Bartmaeus' faith was "activated" and pushed to the "point of manifestation." The only thing we can see that happened was that **Bartimaeus and His faith engaged the presence of God.**

The same thing happens with the woman who was afflicted for 12 years with an issue of blood. She had faith her entire journey to touch Jesus.

**But it was only when she was able to connect to the manifest presence of God that her faith was accelerated and moved into the point of manifestation immediately.**

This should be inspiring for you because you can shortcut your faith's "standard" process by being in the presence of God!

You should be encouraged that **what may require years and years of development can happen immediately, suddenly, and at-once** when you experience the glory of God- his manifest presence.

FAITH HAS THE CAPACITY FOR ACCELERATION

Your faith has the capacity to be accelerated when you engage the presence of God. Why? Because in the closer your faith is to the manifest presence of God, the more "active" it becomes.

The more faith engages in its natural environment of glory, the more powerful it becomes. When God's glory touches your faith, your faith cannot remain inactive or underdeveloped. It has to grow and sprout!

Again, this is why prayer is so important in your life because through prayer you can enter into God's glorious presence. Granted, prayer is not just about accelerating your faith, nevertheless it's a genuine benefit of His presence.

**If you can shortcut and accelerate your dreams, desires, and needs, why wouldn't you?**

## **FAITH GIVES YOU THE VICTORY**

**God gives you faith in order to equip you with the resources you need to overcome the world.**

When I say the "world" I'm not referring to the earth, but the system that is governed by the devil, which is antithetical to the Kingdom of God.

Unfortunately, many Believers today do not believe or understand the nature of our relationship to the world and the devil- we are at war, indeed. And the devil has one primary job and focus towards Christians- *to steal, kill, and destroy everything about you.*

## EXPANDING KINGDOM IMPACT &amp; INFLUENCE

Once a person is born again and becomes a child of God through faith in Jesus Christ, God deposits faith within that believer to give them the heavenly resources and support needed to manifest victory over the devil and his system.

As a child of God, your duty is to represent and to expand the Kingdom of God. This has to be done in a spiritual (unseen) way and a physical (seen) manner. **You are given faith in order to manifest this spiritual victory, physically.**

When you commit your life to operating in faith, you are committing to a life of victory. Scripture declares that our faith is the victory that overcomes the world.

**“This is the victory that has overcome the world, even our faith.”**

**- 1 John 5:4 -**

In other words, **your authentic faith isn't the battle or the fight- it's the victory.**

God wants you to manifest the victory because Jesus has already fought the fight and created the victory spiritually (in the unseen realms). God needs you to manifest that victory through living a life of ever-developing, ever-growing, ever-manifesting faith.

This is one of the reasons why the devil wants to keep you locked in on living by your natural senses and what you can see and touch. He realizes that if you begin to grasp the life of faith and believing the invisible, touching the intangible, and expecting the impossible, **you will automatically enter into a life of victory!**

Scripture declares that we are to walk by faith and not by sight. When you walk by faith, you are walking in victory.

YOUR FAITH = YOUR VICTORY. IMMEDIATELY

You may not see it, feel it, understand it, or be able to fully grasp the magnitude or depths of the faith-objective, nevertheless, when you walk in that faith, you are walking in victory.

That's why you have to keep speaking the things of faith and believing the things of faith- for your victory's sake!

**When you walk in faith, you are walking in a state of undeniable, indefatigable victory.**

Walking in faith is your declaration of what is already established in the heavenly realm. When you're sick in your body, your walking faith gives you the victory over that disease immediately. You cannot lose or fail because God has given you His word-promise on it.

Even, God forbid, if you die or succumb to the disease, **your faith walk still gives you the victory in God's perspective.** When you live and even die in faith, God still grants you as if you achieved what was to manifest in the natural.

Faith is your victory. Grab your victory, walk in it, live in it, develop it, and manifest it. It's your inheritance and your privilege in the Kingdom of God. You CAN

have 10x results, 10x money, 10x hope, 10x healing, 10x miracles, and 10x fruitfulness. All you have to do is receive it, believe it, and develop it!

## THE 10X FAITH CHALLENGE

I challenge you to live a life of real faith. A life that defies what is possible according to your ability, gender, ethnicity, income, and any other demographic "hindrance."

One of the greatest tools at your disposal is your faith. Your faith is your key to the unlimited possibilities and victory in Christ Jesus! This is your moment to enter into a realm of 10X faith!

### WE'RE HERE TO HELP YOU

I also want you to know that our ministry, Next Level Church, is here to help you take your faith and your life to the next level.

**If you're in the Akron area during one of our weekly gatherings, I want you to join us for a life-changing experience in prayer, teaching, and fellowship.**

If you enjoyed this free report on 10x Faith, you'll no-doubt LOVE our live teaching and preaching moments. There's nothing quite like it!

Either way, whether in-person or via email, I'd love to hear how these teaching on 10x Faith have helped you in your Christian walk. If they've helped you see things

differently, or if you've been able to experience veritable results, or if you've been encouraged to keep believing- let us know! It would mean so much to us!

## A FINAL NOTE AND REQUEST...

God has given me a very significant vision and burden for our generation and I need your help. The reason I started Next Level Church was to be in obedience to His call and purpose that He's placed over my life. *Even more, I did it as apart of the process of developing the FAITH he's given in me for our generation.*

In short, God's given me a vision to revolutionize how the Church engages people and culture. He's shown me a picture of what should be in the Church and how we (the people of God) should be impacting and influencing our world.

Unfortunately, the way church is nowadays, we do not have the things in place to strategically impact our country and world with the gospel of the Kingdom of God.

We started Next Level Church to be a different kind of church; a church that not only prepares people spiritually, but also **equips and empowers Believers to become and do** all that God has given them to.

To do that for real, we have to challenge the status quo of *how* we do church and the process of ministry. No, we aren't changing the principles of what we believe, but changing the methodology of how we develop and disciple people.

**I don't know about you, but I'm tired of seeing millions and millions of Christians held captive to the pews year after year, decade after decade, with no hope of ever truly walking in their purpose.**

#### CHANGING THE STATUS-QUO

I'm tired of seeing well-meaning pastors and churches rally people around their vision without equally reciprocating that same passion and commitment to empowering their "members" to walking and manifesting that same vision.

Next Level Church is going to radically empower believers and build our ministry around serving their purpose and callings to unleash them into the world for the Kingdom's sake.

I'm tired of seeing believers who are blessed and rich spiritually living broke and poverty-filled lives and missing out on their purpose. I believe it is the explicit purpose of the Church not just to provide spiritual needs, but also to develop natural means to help believers engage in destiny and experience ALL God has for them.

One of our many goals is to create **1000 millionaires in the next 10 years**. That's right 1000 millionaires and 10000 six-figure earners. Why? Because we want to manifest the victory that God's already given us!

Even more, we're tired of seeing our city (and cities across the country) oppressed and governed from a worldly and demonic undertone. We're tired of seeing so many churches in our city without having relevant influence and impact.

**Our vision for Next Level Church is to strategically develop people of influence and infect all areas of culture and society with a radical, uncompromising Kingdom agenda.**

SO MUCH MORE THAN CHURCH-AS-USUAL

Next Level Church is so much more than just "church as usual," it's a movement to change the world and see Jesus' Kingdom manifested like never before.

It's a movement to reclaim the souls of men and women from all walks of life and all backgrounds. *It's a revolution to help thousands of people break free from the limitations and catch-22s of sin, sickness, poverty and despair.*

**We have been given faith for a church that will turn this great city and world upside down... and I need your help.**

We are seeking people of all backgrounds, ethnicities and experience to help us launch the next phase of our ministry here in NYC and I want you to seriously consider partnering with us and becoming apart of our Next Level Launch Team.

Here's what I want you to do while you are praying about it, I want you to visit <http://inextlevel.net/launch-team> and fill out this brief questionnaire.

Once you fill that out, we'll schedule a time where we can speak together so you can learn more about our ministry and our BIG vision God has given us.

Additionally, if you'd like to support our ministry financially, please visit <http://inextlevel.net/donate> to make a donation of any size to help our launch.
