

Financial Flow Money Attunement

This energy attunement was specifically created by Kate Spencer to help you with financial flow and prosperity. Each aspect of the attunement was channelled with the intention that it is activated for each individual's highest and greatest good, whomever shall use it and whenever they choose to use it.

The attunement has been recorded in a similar way to a guided meditation to help you to draw in the session in a relaxed state and ask that it is activated for you in perfect time for your human evolution and in accordance with your Divine Blueprint.

Please do not listen when driving.

The background music is a specially chosen binaural beats track that takes you into Alpha State and will help with releasing resistance to receiving the attunement and also help to facilitate integration.

The Recipe

After tuning into the collective consciousness, I remotely tested for each energy component to create the correct combination that will have the best positive impact, the result is this attunement.

It is the combination of all of these energy inputs and our combined intention that will help you to align more with the frequency of wealth and prosperity.

KATE SPENCER

Attunement Incorporates The Following Ingredients:

Citrine Crystal – Positivity and optimism and aligned with the frequencies of abundance and prosperity, opportunity, personal power and confidence.

*Petaltone Essence **Worthy*** – Helps to align you with the frequencies of being worthy to receive.

Essential Oil of Grapefruit – Carries the frequency of self-empowerment, balances mood and helps to release stress with a specific focus on money stresses and anxiety. Helps to align you with your purpose and supports self-love. Assists in going within and releasing the shadow aspects of self that have been sabotaging you.

ATP & ADP Energy Vials - To help release inherited beliefs and activate new vibrations in the DNA that are aligned more closely with wealth and prosperity patterning.

Instructions:

Find somewhere quiet and safe to relax, you can either sit or lie down.

Close your eyes and set a clear intention that you are receiving this attunement for your highest and greatest good and so is anyone else that receives it across all time, space and dimension.

This magnifies the power through collective intention and gives us all more of what we want and need, there is more than enough flow for us all.

Listen to the audio and allow the energy to enter your energy body. Then, have some water and ask for a full activation in the perfect way for you.

KATE SPENCER

After the Attunement

You may repeat the session if you want to, however it is my intention that once can be enough. Perhaps test with a pendulum to see what is in your highest good in terms of frequency.

You may choose to use some of the encoded affirmations in the recording to keep the vibration of worthiness, flow and abundance active.

Saying them out loud into a mirror can help to integrate the attunement faster.

Always do what feels right to you but a good starting point is to choose one to work with and say it five times in the morning and five times in the evening for a week or so to help it become embedded. Try to say it with conviction and generate the corresponding feeling when you do. If you can't do this out loud, it's ok to say them in your head.

Remember to be aware of signs and serendipities that come your way, messages in your dreams and gut feelings to take action. Opportunities can open with this kind of attunement so make sure you don't miss them if they come around, as our overall intention is more abundance and prosperity – who knows where they may lead!

I hope this helps you as much as possible and I'm wishing you an absolute abundance of health, wealth and happiness.

Love Kate x
