I am a violinist and founder of Lab of Joy,
the path that contains my personal formula
that guides you to create a reality in which
you fully recognize yourself, through 3
fundamental steps:

- Unlock your creative potential
- Engage the mind and body
- Awakening the Authentic Inner Self

WORK EXPERIENCE

Coach for Artists and Creatives | 2022

I am specialized in Coaching for professional
development: strategies to have a clear
direction of intent, manage and channel
negative emotions, break up weakening
mental structures, and live a life in the full
satisfaction. I am continually researching
work for the full development of human
capabilities.
