

You Gotta Sing

Lyrics

You gotta sing, that's what it's all about.
Sing, let there be no doubt,
You gotta sing, sing, sing, sing, sing.

Shoulders back now,
Head held high,
Open your mouth and give it a try.
Music will lift your spirits higher.
Come along and join the choir!

You gotta sing, that's what it's all about.
Sing, let there be no doubt,
You gotta sing, sing, sing, sing, sing.
