Please tell us who is your current or most recent employer and provide a brief summary of your role:

Are you currently or have you in the past served on the board of a non-profit? If so, what was your experience?

What skills would you bring to the board of CCA? Please be specific. *We are particularly in need of special education program advisement, medical/physician, legal, technology, marketing, event planning, fundraising development, and insurance related skills.*

Do you have any experience with, or beliefs about children and youth with autism and/or other disabilities? If so, please describe.

I understand serving on the board is a volunteer position that would require regular attendance at monthly meetings, active committee work, and the disclosure of any conflicts of interest. If I am related to or know someone who attends CCA, I understand that I must put the needs of CCA above the needs of that person.
